Greetings,

I appreciate the information on our ancestoral heritage. Some of it was surprising but not unexpected. To the best of my knowledge it is correct. My parents were always soft spoken on our ancestry and of course in my younger years I had little if any interest in things of this matter. I have added my own information and more of my dads (Hulon) ~~SD 0825~~ to add to your records. ~~LT 012~~ 8709 I am getting information from my aunts to add to Francis (my grandfather) ~~LT 01~~ and should I turn any more of Wm. H. H. ~~LT 0~~ I'll send it on later ~~Hulon?~~ with the pictures of my dad, grandfather and any other pertinent information. I'm reasonably sure that a family picture doesn't exist. However individual pictures of most of our family are available when I can find where my mom has put the family album. Again thanks for sharing your information which must have taken a great deal of time and work.

Dear Monroe:

Nice to hear from you and meet your neighbor Dean Marvin, who also gave me your letter but I must say it is alittle confusing.

Refering to your letter of July 19, 1978 in which in which you say " I read you book but could not find any relation" also,"I believe my great-great-great grandfather to be Jonas Oyler, also, " Iam more sure that my great-great grandfather was Frederick Oyler born about 1785 in Frederick County maryland." In your recent letter you give the children of Valentine Oyler II. These will all be found in my book on page 225 as well as showing Elizabeth(his sister) married John Dame. NOw; if Daniel(whom you say is your ancestor) is the son of Frederic(the son of Valentine Oyler II and Mary Molly Arndt) then you are definately in the line back to Conrad Illey the immigrant, as established in my book.

You say in your recent letter that you have corresponded with 4or 5 descendants of JACOB EYLER(1718) evidently refering to Jacob the son of Conrad. I would very much appreciate their names,that I might contact them.

Sincerely,

John S. Eilar DDS

Dear Bill:

Thank you very much for contacting us, we are so delighted in all the Oyler cousins, for their terrific response to our request for information on the Oyler Family.

I had put a query in the Genealogical Helper concerning the Oyler/Cochrans. Marvin Cochran in Kingfisher, Okla. read it and contacted me concerning our Cochrans. Are you familiar with his tremendous Cochran file? He Put me in touch with Earl and Shirley McCann in Raytown, Mo. (I got a letter from her today, also.) As I say I'm very pleased with all the cousins, welcome to our lives, and may the association be a very long one.

C5661 – 8690
We are aware of the children of Mary before her marriage to
8691 Thomas Barnes Jr. He must have been a very understanding
man to have married her, knowing her problem. I guess she
made a good wife, they had four children, three girls and c56613-6 ~~c 56614 (BARNES)~~
8743 a son that they named John, he was my husbands granfather,
a very gentle and wise old man, who married a very strong
girl, Louisa Spurlock and had six girls and two boys, their c566131-8
8744 son William Elias is my husbands father, he died in 1954
38929 in Oklahoma. Gideon and William Oyler Mary's sons lived
with Thomas and Mary in Ash Flat, Lawrence Co. Ark.

I am sending you some material that might interest you.
One is a letter written by Gideon (Gidilus) to Thomas and VL64?
Mary from Army camp during the Civil War, he mentions his
uncle John Oyler and his brother William. William went on
to become a State Senator (according to Martha Oyler Lawrence,
a granddaughter of Gideon). Some day I intend to write
the Ark. St. Archives and inquire about that and determine
if he really was, and when.

c 56611
Gideon, came home from the war, married Rachel Endsley and
8692 reared a whole passel of kids, one of them was Martha Oyler's
dad. I can't quite reconcile the ages, but, I really haven't
tried. She is about 65 and Gideon was born about 1843, he
married Rachel in 1866, 22 July, the marriage was performed
by John Oyler who was a J.P.

8749
8748 John Oyler married (2) Frances Spurlock, one of Jack's Spurlock
clan who lived in Lawrence Co. Ark

I want to get this in the mail, so will write more later.
Please keep in touch.

We try to take a research trip back into the south once a year, perhaps we can get into Illinois again.
We were in Springfield and Logan Co. (Lincoln) in 1977, I had a Cowardin Family that settled in that part of the world in 1829, they came originally from Virginia, Bath Co. to Kentucky and on into Illinois, Old Sangamon Co. When it was divided they ended up in Logan Co. I'd like to get back into the court house again in Logan Co. I've written them, but they aren't just too terrific about answering, so guess I'll have to do it myself.

As I said a paragraph ago, keep in touch.

Cordially,

Eve

Dear Mr. Oyler -

At last I am ready to answer your welcome letter. I wanted to do a little checking first. My husband and I went to Gettysburg to hunt some Oylers who came to a reunion years ago. Our line started 21,289
with John Georg Oyler ~~E3A~~ - ~~ENO~~ so we followed it through. Their line the Oyler we visited as well as yours seems to follow another ancestor. I guess we are all related way back there somewhere.

Guess where we stopped in G-burg?
7760 at Thomas O. Oyler's residence who said he has heard from you often and that he must write or call you. He is very busy with apples right now. We had a very nice visit! His large farm and orchards have been in the Oyler name over 150 years. It is a beautiful place.

The Oyler Tree that you sent is our line with a few additions and corrections. Jacob Edward Oyler Sr. 71446 ~~ENO#459~~ lived in Va. when the children were young.
71449 son ~~NO#595~~ John M. Oyler (my husbands father) spoke of being around Berryville - then they came to Franklin Co. Penna. John's ~~ENO#595~~ 71449 son Frank ~~ENO#5951~~ 71451 went

>1465

to Polo about 1910. His daughter Hazel, ~~LN04589513~~ married to Paul Fouke* >1466 - still lives there.

>1306 Andrew Oyler ~~LN045~~ (m) Catharine Cook* >1307 - some of their children went to California, Iowa, Ohio and some remained in this area.

>1511 Grandson Greg LN0459711 is quite interested and we would be glad to hear what your friend Karl finds out. You don't need to write to each of us just send to either Greg or I. We will get together.

I was wondering who sent you our line. A nephew's daughter Dr. Sherry Oyler >1485 L004592323 (in Louisiana now) was writing it up several years ago but so far has not finished a corrected list.

Thank you very much for the interesting material. I will keep it. Every little bit helps.

I hope this data on Conrad Oyler's sons will be of help to you

Sincerely
from

Dear Mr. Oyler,

I read with interest your letter of August 31. I don't know if we are related, but perhaps you can tell me.

645?

I understand that I am descended from Johan Georg Euler who landed in Philadelphia on October 5, 1737, on the ship Townshead. He and more than 200 others on the ship came from the Palatinate region of Germany, by way of Cowes, England. I don't know anything more specific about him.

21289 21291 L001

I understand this immigrant Johan had four sons -- Jonas, Conrad, Phillip and John -- and I am told that one or more of these brothers were stone masons active in the northern Maryland and Virginia and southern Pennsylvania area. Perhaps Johan was a brother of your Conrad, since from the information I have its seems to have been common in our family for a man to name his son after a brother. I don't know when Johan's son John, from whom I am directly descended, was born, but sometime before 1780 he married a woman born in 1750.

2-3

21294

I have more complete information, verified by the Census records here in Washington, for the other generations in my line, which are as follows:

306 → 3. Andrew, 1780-1843, lived for a time and died in Franklin Co., Pa.; L0045

1446 → 4. Jacob Edward, 1829-1901, lived and died in Franklin Co., Pa., but also lived for a time, I believe, in what is now Clarke Co., Va.; L00459

1449 → 5. John Milton, 1858-1930, lived in Clarke Co., Va. and Franklin Co., Pa., where he died; L004592

507 → 6. Preston Glen, born in 1900 in Franklin Co., Pa., still lives there, at 57 Hillside Dr., Chambersburg, Pa., 17201; L0045927

509 → 7. Eugene Milton, born in 1929 in Chambersburg now lives at 286 Osmond St., State College, Pa., 16801; and

1511 → 8. I, Gregory Kenneth, born in 1953, live at the above address.

I think I have all the information that my father and grandfather have, but you might try writing to my grandmother, Mrs. Preston G. Oyler, at the Chambersburg address. I am interested to know if you have any information connecting your Conrad with my Johan. I would also appreciate any advice you could give me about how to get more information about the early Oylers in my line.

Sincerely yours,

Gregory K. Oyler

Dear Monroe,

I want to thank you for your letter of 16 January. I have been very busy, and have not had much time for correspondance in this period. However, I do appreciate the information from Bedford Co, PA. Given the large number of children of 34 Jacob Eyler/Oyler d ca 1797, it is a difficult task to seperate all the descendants. So far, I have only worked on the 1790 and 1800 Bedford Co, PA censuses, but I will continue. Most of my work has been concentrated on the Frederick Co, MD Eiler/Eyler/Iler families. As I have worked on the different censuses, church records, wills and intestate records there, I have come to believe that most of the Eiler/Eyler/Iler families in the 1850 census of Frederick Co, MD were descendants of the four sons of C4-34 Jacob d. 1797, namely 1234 Frederick, 1238 Jonas, 35/36? John and 1230 Conrad. However, it will take a lot of additional information and work to really prove this hypothesis. This why I was interested in the copy of the NJ letter you sent me. I don't know what additional information you have regarding Eiler/Eyler/Iler families through 1850 in Frederick Co, MD? It might help to validate the Bedford Co, PA and York Co, PA origins of these Frederick Co, MD families. It is difficult to guarantee (although I do think it is true) that these four men are the same as were born in York Co, PA because of the lack of baptism records for all but the first two children of Jacob 34 Eyler d. ca 1797. Have you ever been in touch with anyone who might have located these records? Similarly with respect to marriage records – I really have not located any marriages of the Jacob 34 Eyler children.

I really don't have much new to add to the Bedford Co, PA Eyler/Oyler families, but I will let you know if I come up with any significant find.

Sincerely,
Ken Gehner

Dear Monroe,

Thank you for your recent letter, and also your letter of early 1985 enclosing photos of 7015 Mary Ellen (Oler) Engle and 7016 David Engle's tombstones in Illinois. 7037 Carol Usa had sent me photos of the same sites in mid-1984, but I have never personally visited the cemetery.

One of my main genealogical problems I have worked on over the last year was the real identity of 34 Jacob Eyler/Oyler, son of Conrad the immigrant. Obviously, this is a difficult problem since all records of Jacob cease (as far as I know) with the 1771 Manheim Township, York Co, PA tax lists. I am enclosing a copy of an abstract from the 1797 Bedford Co, PA Orphans Court which someone sent me in late 1984. I was fortunately aware of the publication edited by Larry M. Neff & Frederick Weiser, Friedrich Heinrich Gelwicks, Shoemaker and Distiller - Accounts, 1760-1783, Pennsyl. German Soc., 1979. Recall that Gelwicks was the brother-in-law of my ancestor Jacob and your ancestor Valentine. Using the records from this book, you can see that Jacob[34] Euler/Eiler of York Co, PA had

"older" children	"younger" child.	relative age unidentified children
Valentine 32	Peter 1740	Conrad 1730
Jacob 1732	? Nicholas	Anna Maria 1736
Frederick 1734	Lorentz/Lawrence 1744	
	Jonas 1738	

where relative age was judged by the amount charged for their new shoes.

Now when you put this information together with the Bedford Co, PA Orphans Court record and tax list & census (1790), the implication is that by 1774 Jacob together with some of the younger children went to Bedford Co, PA. From other data, I believe Frederick, Valentine and John went to Frederick Co, MD whereas Conrad and Jacob Jr. stayed in York Co, PA for a while.

The next big hurdle was to show that in fact the Frederick, Jonas, John and Conrad who appear in the 1790 Frederick Co, MD census were the sons of Jacob Oyler who d. ca 1797 in Bedford Co, PA. This turns out to be an extremely difficult and complex problem. I am extremely confident of my analysis for Conrad (Sr.), but it depends on so many details – analysis of land tracts, intestate accountings, etc. It turns out that Dr. Eilar had a bad translation of the St. Matthews records, and if you examine the original German records, 1230 Conrad and 1231 Barbara had a son 7245 Johannes not Conrad 6888 born in 1779.

TWINS

This is also where something you sent me comes in. In the copy of Rev Clarence Eyler's 1914 letter to Emery C. Oyler, he mentions that John, Conrad & Jonas Oyler came to Frederick Co, MD. I believe this is true, but misses Frederick. Where did you get this letter? Do you know any descendants of either of these men, or of anyone else working on this theory? Any additional information regarding Bedford Co, PA and Frederick Co, MD connections would be greatly appreciated.

I am looking forward to hearing from you.

Sincerely,
Ken Gehner

Dear Monroe,

Thank you for your material and information. It is really interesting to see how the Oyler/Iler families migrated across the U.S. over the years. As you can see from the enclosed records, my own Iler ancestor, Mary Ellen Iler, came to central Illinois in the mid-1850s - first to Macoupin Co and then Christian Co. near Harvel - with her first husband David Engle. I wonder if the two branches of the family knew each other, or whether the original Pennsylvania connection had been lost over the years? Certainly in my family we had no knowledge of the Ilers in Maryland, much less of Pennsylvania, until I discovered these connections. When I began my genealogical searching 14 years ago, while still a graduate student at the Univ. of Wisconsin, I didn't even know Mary Ellen's surname, only that she came from somewhere in Maryland.

I am including names and addresses of two people who are descended from Maryland Ilers. However, I don't know how interested either party is in corresponding with collateral families. I really would like to expand my knowledge of these families (not just lineal ancestors) as much as possible. I am therefore very interested in the copy of the 1914 letter from Rev Clarence Eyer of Collingswood, N.J. to Emery C. Oyler. Who were these gentlemen, and do you have contact with any of their descendants?

I hope my information is of interest to you. I apologize for the long delay in replying, normally I am much more prompt, but this has been a hectic time for me. Please stay in touch, and I'll let you know if I get a better resolution on the Maryland Ilers or the German origins.

Sincerely,
Kenneth Gehner

Dear Monroe:

Your letter and material came last week. Thank you for taking the time to write and send me the enclosures.

I did not realize you do not have my book "Five Generations of Mormonism". Therefore I am sending you a copy. It has been praised by reviewers as the best organized and easy to read family history ever, well documented etc. The stories and profiles are said to be a delight by many. I am not boasting. These are the things I hear about the book, even after these many years since its publication. I have sold 1,500.

I am also sending a "Book of Mormon" that you may know the cause of the

C5671

Ammon Oyler, Jr., and Dr. Anderson Irvin Grigg families to leave the south for the arid West. They have become a strong and mighty and prosperous people by living the precepts of Jesus Christ found in this book.

Publications: *Five Generations of Mormonism, A Grigg Family History; William Grigg I, Immigrant to the Virginia Colony.*
Genealogies: Grigg-Johnson; Gardner-Pratt; Oyler-Turnbull; Pell-Horton; Hurst-Pinson.

I am contenually delighted With the things I find in your Oyler compilation. I think your idea of having a National Oyler Family Organisation is great. You should be President. I am still finding good things in it.

In 1947 When I first started Oyler--Grigg research in the Library at Salt Lake City, a Cousin, C5671C1 Clara Blackburn Haake, Worked With me. We spent hours, days and Weeks at it. She was my grandmother, C56712 Amanda Oyler Grigg's, youngest sister, C5671C Delilah Emily Oyler Blackburn's daughter, No 12 on the Ammon Oyler chart. She died many years ago (1950's) but I have her many letters. Which I must re-read for Oyler history that I have forgotten. I am sending you 2 of them in case there is any thing of interest to you. Please return them to me. also I am sending 2 interesting letters from 2 descendants of C56715 Oren Oyler. Dennis called on the telephone and orderd 2 "Nine Generations of Mormonism" and 9855 Ursel Angle Oyler orderd one by letter. You may return them to me too. after you take the history and data from them that you might want.

Best Regards

Cousin Cleo

My dear Cousins Monroe and Earl:

So ashamed that I have not answered your letter, Monroe, and thanked you for the enclosures which I am happy to have. I really appreciate Earls singing and love his music composition. I really enjoy the pictures of you both too. It is so good to get to know you both.

I have spent the last three months compiling the Grigg history 340 years from our immigrant ancestor of Virginia, William Grigg I. I plan to publish it next month. This covers 33 years of research and 12 generations of Grigg families.

Here is the dates I have on Conrad Euler, Weller, Or Americanized Oyler.

36 Conrad Euler born 16 July 1675, son of Michael Euler.
36 Conrad Euler married 18 February 1698 Anna Catharina Rockelin 51134
Conrad Euler maried 20 March 1702 Anna Catharina Helffenbein

Eva Euler Ch. 22 Jan 1711 to Conrad Euler.
Anna Margaretha Euler b 22 July 1721 to Conrad Euler

I have a Conrad Euler md 18 July 1689 to Elizabetha Eifferth. to young to be the Conrad above? prob. born 1665?

Valentin Euler born 14 August 1674 to Johann Henrich Euler.

The place of the above records was Lauterbach, Parish of Mar. Hesse, Germany. The dates are right for

6810 Holiday Drive • Boise, Idaho 83709 • (208) 375-7266

(over)

to be our Ancestor. I dont know if the women were both his wives or not. looks like there may be 2 Conrad Eulers in the parish about the same generation?

Tell Earl that there have been a number of Mormon Bishops in the Mormon branch of the Oyler family in the vicinity of Brigham City, and Tremonton, Utah. One I can name right now was 9143 ~~[illegible]~~ OL2 ? (C5671DC) Leland Oyler of North Highland, near Sacramento, Calif. He would be my grandmother, C56712-9140 Amanda Catherine Oyler-Griggs nephew.

Well, thanks again for writing and for the pictures & music. You sent me a very lovely Oyler Pedigree that some one in Franklin County Virginia worked out. I noticed they had the wrong date for 36 Conrads birth as it really was 16 July 1675 to Michel Oyler.

I am glad to hear about your painting. It looks like you do a pretty good job of it. I am eager to finish my book so I can get back to painting.

Sincerely
Cleo

Mrs. Richard R. Oyler to
Mr. Monroe Oyler

Dear Sir:

Mr. Oyler and I enjoyed your letter regarding the geneology of the Oyler ancestry. Thank you so very much. Altho we have quite a family history tree of Mr. Oyler's maternal ancesters we have very little about his paternal side of the family.

36316 Mr. Lee R. Oyler of St. Petersburg, Fla. is our one and only son... not married yet....or maybe never, doesn't seem interested in marriage with a full life he lives as a successful store coordinator for a large furniture store corporation located here. Has a nice boat and enjoys boating as a hobby and doing interior and outdoors decorating at his nice home.

My maiden name was Hsmmitt, born in Cincinnati, Ohio in 1919 and married Richard in 1937 who was born and raised in Hamilton, Ohio. This past September we celebrated our 50th wedding anniversary our son and daughter entertained ur with an Open House for relatives and friends and a trip to Asheville, N. C. with them. A very happy event.

Your ancestry is quite interesting and I am wandering how you traced back to the 1600's. It was also interesting to note that Oyler- was spelled so many different ways in the many years ago. I once went to our public library and looked up the name Oyler and all I read was that they name originated in England and meant (a seller of oil).

I have only one page from my husband's grandparents Bible regarding births and deaths and this is all that is written:

Charles Oyler - Born April 3, 1855 - Died March 2nd,1937

24678 Died2-15-37Harry E. Oyler -- Born November 8th, 1857 in Cincinnati, O. But lived in Hamilton, Ohio where my husband's father, Fred H. Oyler was born December 12th, 1884 at Jones Station. He was a Presbyterian. He had two sons --Russell Clark Oyler mx born in Hamilton, Ohio in 1910. Died in February 17th, 1952. My husband was born in May 9th, 1916. He is now 71. Russell had no children.

So I am sorry we can't help you anymore than the above. I have had many people say to me, "Are you from Pennsylvania?" Oylers? We have no idea.......

We thank you again for writing us....Our best wishes to you and yours.

Dear Monroe:

The last time I wrote you I told you that we were going to a Cousin re-union on Aug. 21. We went but I didn't find out very much. We must be related but so far I haven't come up with the relationship. I guess you will have to tell me some of the children of your direct line.

I am interested in the Oyler history but I'm still working, so my wife and sister are doing most of the research for me at this time.

Am enclosing my direct line and some of the research they have done. If you know of any thing that might help in the history or the research please let me know. At this point we need all the help we can get!

Hope to hear from you soon

Sincerely

Harold.

Dear Mr. Oyler:

Sorry to have taken so long to answer your letter but I've been looking for some information that I had and for the life of me I can't find it.

But we also came out of PA. and originally from Germany. I made a photocopy of your letter and sent it to a cousin of mine that is working on our family tree. I told her to find any thing she could and bring it to a reunion that we are having on Aug 21.

So I will write you after the reunion we should know more then, but I expect we are related some where down the line. I don't know much about the family beyond my grand father. His name was William Oyler 22137 he had 7 or 8 children.

There could have been another sister I'm not sure. They are all dead except Chester & Russell. Clarence was my father. I have a brother Donald and a sister Betty.

I was born Feb 14, 1922 and I'm a claim Examiner for worker Comp. State of Ohio.

Hope to get more information for you.

How did you get my name?

Sincerely

Dear Earl,

Just a note to send you a letter Carrie wrote to you after we were in Illinois last year. It doesn't seem it has been that long - so much has happened.

19432

Carrie had told me she had gotten your letter back - so I didn't knew what she had done with it - (letter was in Carrie's papers).

Jan, Carrie's daughter, gave me all Carrie's letters, notes & genealogy to go thru as I was working on her Longstreet and Oyler-Crowel lines for her. She couldn't type so I had put it all in my computer. Carrie was to go over it with me as she had changed her notes & I was not sure if I had it correct, but her eyes had gotten so she could not see it, so I read it to her but it not the same as seeing it. In doing this for her I found we have number of the same family lines.

I really miss her as she really knew the people and the history of Preble Co. Oh. and I love history.

I now have copies of all Carrie's work - letters, etc. As soon as I can check for some more inform I will print-out copies for Library at West Alex. in Carrie's memory - and other who request them. (at cost of printing)

Carrie never gave up hope she would get well, but things just went down hill about the last of July - at the last she did not know her family - was on oxygen & morphine for pain. She was at home.

Earl, could I have copy of your family line? I have Monroe. Also do you have anything on marriage of Jacob Oyler s/o of Valentine II of Franklin Co Va to Susanna Crowel This is the proof Carrie need and haven't been able to find. She keep saying she had written to Mrs Getrude Mann in Va. but haven't received an answer, so I guess I will write to her and find out if she has anything.

The reason she had been looking for Henry Oyler that was father's name on her Valentine's death record.

1911 - Carrie Elizabeth Ehler m - John B. Glander 21693 - 21694

We have proof that Valentine's mother was Susanna Crowel all need is Jacob's marriage record.

Did you ever get a copy of German Oyler Family Tree that was on the Video tape your made?

Earl, I hope you and your family have a Merry Christmas and Happy New Year.

You too, Monroe -

Sincerely yours,
A Oyler cousin,

Mary

Dear Monroe,

Just a note to let you know that Carrie has been in the hospital since Nov. 24th. & was operated on Dec. 3rd. (Wed.) She is getting along fine, but very weak. She is to come home tomorrow (Friday) Dec. 19th.

I have been putting her Longstreet line in computer - now ready for her & check out. Will start on Aylers' now.

Monroe, would it be possible to get copies of what you have on my line - Jacob & Elizabeth (Fifer) - the picture of her tombstone etc.? I will pay you for the copies. I have never gotten anything from Russel Ayler in Calif.

Carrie & I enjoyed our visit with you & family & also Carl's visit. He called me after we were out.

Sincerely, Mary

Dear Monroe,

I really feel bad I haven"t gotten a letter to you before this. Your charts are what they wanted, I sent them to the Wysong file and send a copy to show how you connect with the Wysong's. I have a copy for you. I have put more of Oyler's line in computor, but with all the letters I keep getting just when I think I am caught up, I need another line, so now I think I got so I can just run copied and write short letter.

Oh! Monroe I have got that big chart of Wysong's put together and will bring it out. I am coming out to Nancy's to go to State Fair on Aug 14, so will try to arrange time to come up to see you.. My biggest problem is the hot weather and I don't get to stay on family line until I can get it done.

On the list I am sending - A - 1st.generation B- 2nd C-3rd D- 4th E-5th. I have marked I, II etc, that is order of families - should say makes more sense I think. THis is part Oyler line - Ney line (Oyler) - Wagner - Erbaugh or Sager, so you see I have to repeat for all the different parts to make up my Oyler line which I had never sent you. Also copies of pictures of Oyler's and my family (this was in 1944).

I was ready to answer the questions on the list, when I left for conference of church in Norfolk, Va. last week of June & 3 day in Morgantown, W. Va. for genelogical conferece, and spent 2 days at Williamsburg, Va. When I had been there before it was in August and was so hot, well June isn't any better - boy was it hot and it is so dry, no rain. I didn't get to do too much researh on way home as we had planned. I did find one deed for land of Erbaugh in Virginia now have got my cousin who lives down there interested and he looking up information as he knows his way around. He just called me tonight about what he found this week.

I didn't know how tried I was until I got home, just now getting moving to get things done. I don't like hot weather & that is what we are having.

I have copy of note with address for exchange on Oyler & Arndt. I haven't written yet, but Carrie has gotten letters from him. She is Canada now, they went early this year. She & I were coming out, but I didn"t have time before I left for conference. She was ill this spring, is to take it easier, so I think I can get her come out, which she wants too.

Sending map of Frederick Co., Md. and 1800 census with the Oyler marked, also where the districts are.

Monroe, either you will be more confused, or maybe I have been able to show some of the connections everyone is asking about. Carrie & I think she may come in on the John Johannse 1266 under Valentine Oyler I (1st son) he has a Henry. ?
7945 ?

Well, I better close for now. I hadn't forgotten you, keep thinking I be out.

Sincerely,

Mary

Yes, Harry "Boots" Oyler is relative; just now can not say for sure how it is - His grdfather Jacob could be son of brother to my Catharina (Jacob F.) but I haven't gotten the ~~proof~~ proof one way or other. A ~~LR01A3~~ 21900 Russell Wells Oyler from California wrote me - he is LB01 grdson of Jacob F. - thru his son ~~LB01A~~ 21891 Franklin L., and says Maralyn Oyler is his cousin. There is a different of dates on my Jacob III s/o of Jacob II
↓
7708 b- 15 May 1789 (or 1791?) — C513
d- 11 Dec. 1877 (or 1875?)

Ever time I see a letter or information from Maralyn she changes dates - & who her husband grandmother is - and dates. As soon as I can get to Indiana maybe I can find some answers to this. I have census for Miami Co. Ind - 1870 - Death record for 1921-1974 - Land owners - 1877 - Genealogical Records 1593-1914 1763-1887 Census - 1840-1850. Have been checking out death notice in Vindicator (Old Order or German Baptist paper). There is no Jacob's in it. Most are in Ind. - some Kansas - Ohio Hope to be able to work on Oyler's & find some answers.

Have a Merry Christmas

Dear Monroe,

I have been trying & get this information ready & send for couple of months. Carrie told me she sent you the Wysong Booklet for this year. I just borrow hers & make a copy. Want & get Booklets from prior years & make copies.

The notice on Wysong Family - I put in Computer from notes taken at Wysong Reunion on Sunday morn. I made it & that one.
On chart - start with your children, then you & your wife be on same sheet. Otherwise - you will have & do (2) charts - one for yourself & one for your wife - This is what they want - I'm enclosing orginal I got at reunion.

Also some other things from conference I was at. Thank goodness they are all over for this year, maybe I can get caught up. (Ha!)

The Computer - is newer one then I have

but some type (mime Q X10)
It can do somethings & has more ~~us~~ capacity
you do not have to buy more software to
run it. But if do want to later - there
will program that can be used - not
like some (after get it find no program
will interface)
It can do anything you want if you
can learn all programs. I still haven't
had time to read my genealogical program
one of these days I might make it.

Have been listing different families -
just like putting ~~in~~ paper in typewriter
write letters on it - mailing list for Historical
society - alphabetize & prints labels. Just put
my sched. in this morn.
Thank you for information - it always
helps - as I keep finding connections -
with other notes I have. or have heard
about.
Carrie ~~&~~ I took drive - ourselfs other Sunday
of Wysong farms - Now we can piece
somethings together - maybe solve some
her questions.
Sincerely
Mary

Dear Monroe;

Monroe, I started this letter back in Jan., but never got finished. Thanks for information from LaSalle Historical Society. I did not think to ask if they had city & co directories for Ill. That is what we use here - there is one for every year for Dayton & just certain years included the co.

No Abe Yost doesn't do work for Brookville Historical Socty The copy I sent you - they had gotten from another member & made copy of it. Abe is a relative thru his wife - she is 21759
21747 descendent of Joshua Oyler thru his daughter - Anna who
LR married a Rhoades. Abe keep saying he is relation to Erbaugh but no way I can find - only distant to one who married an Erbaugh - that is not a blood line. It is kind a funny as he keep after me for years for Erbaugh information but never offered any inform. until 2 years ago sent me a letter with
21760 birthdays of my Mother's grandfather family, which was taken from Jacob Bible. That was first I ever knew one excessed - I had put request for information on Erbaugh's in geneology magazine back in 1968 - I never heard from anyone or find anyone who was working on them. Now all at once everyone is asking question about Erbaugh. There is a chart on back of
18851 SF065* IL an old calender a Paul Myer"s in Peru, Ind. has - which a another cousin made a chart of begining of Erbaugh in US down to 1910, as my Mother is on it, plus the oldest grandchild (of my Granfather) who was born in 1907. Abe finally gave me address, I want to go out to see it.

I had not forgotten you, this past winter was for the birds. I was not out to go any place from 2nd week of January until almost the 1st of March, so I had cabin fever so to speak & did not get anything done Snow bound. I have gotten a Epson Computor with what I am trying to wrote this letter on. I haven't been able to spent much time on it. Want to put all my information into it, I knew nothing about a computer so it has been hard. Valdocs system I had mastered but CP/M I don't understand, my genealogy program is in CP/M. I haven"t try to use it, as I just got the program (I should say Joel, one I brought computer from) Program it use on my computer, he doesnot know anything aout generalogy, in fact none of dealers do but Joel said he help me get it started, he has been a real help.

I just returned Aug 9, from trip to Virginia & Penn. I tried to find my gr gr grgrndmother's grave in Va but had no luck. Did meet some new cousins I did not know before. I came up thru the area where I believe the Oylers were in Maryland, & Penn. but did not get to stop to do research as lady who was with me just wanted to get to Lancaster to do her research & I didn't have time to do any after I got her where she wanted to go, as my aunt died and they called me home so I drove straight thru from Lancester in 12 hrs. I had plan on stopping in Gettysburg, Pa to see if I could find Norbert Oyker address, as he around there, wanted to stop in Sommerset Co, to look up the Hay, but never got it done.

I was out to Illinois the last of May but didnot have time to come up & thought you be busy over the 30th. I hope come this fall. If I could ever get Carrie away, we be out also go back to Pa.

I am enclosing copy from Brethren Encyclopedia on Oyler family also copy of letter of Carrie's which as inform. on another side of Oylers, a picture of Wysong reunion, also WYSONG REUNION THIS YEAR - in Ohio - I got all the information except the booklet, going to send to Texas to see I can get a copy. Carrie didn't get the information again, a lady at Brookville Hist. let me copy hers, she is a Wysong, the lady who went with me to Va is one of the speakers at reunion.

I think it is great you can work at the Historical library. You should charge for you work, I know it get costly, I haven't charge for mind yet, but thinking about it. Not to ones like you but other who just want you to do their work. Thursday spent all day in Fort Wayne Library helping a friend learn where to look, this next Thrusday going to Courthouse in Dayton with her.

I will try to write before so long this next time. I have put some of early Oyler in computer, will sent a copy. Let me know what you think, is the way you see the family.

Do you have any idea who these children belong to??

Amongst the colony of thirty Dunker families with Alexander Mack at Westervain, West Freisland, Holland was Conrad Iller and his family.

They set sail 7 July 1729 from Rotterdam on the good ship, "ALLEN". James Craig, Master. Their last port was Cowes in the Isle of Weight. They arrived in Philadelphia, 11 September 1729.

Conrad is listed as Conrat Iller with four females, Margaret, Elizabeth, Maria, and Catherine. That he had two sons and another daughter is evident in the early records of Penn. Conrad signed the ship list as Coonrood Oellen or Oeller.

15 September 1729, Conrad signed the Oath of Allegiance at Philadelphia Courthouse

The earliest record of Conrad is found in Lancaster Co. land grants where he is given a warrant for 200 acres, 3 October 1738. His son, Jacob Eyler, was likewise granted 200 acres the same day. Their land was situated on a branch of Codorus Creek on the west side of the Susquehannah River then in Lancaster Co., but now in Manheim Twp., York Co., Pa. Conrad had settled on his land about 1734.

On the 29th of August 1746, Valentine I makes a deposition in regards to lands in Conestogas, Lancaster Co., Pa, owned by his father Conrad in which it states his age as 24 or thereabouts. Later, he buys all the land and gives his sisters & their husbands names & where they were living in the years 1763-64.

Elizabeth (Oyler) Schnep resided at Atkins River, North Carolina; Maria Dorothes (Mary) (Oyler) Gelwick married at Providence, resided at Manheim Twp, York Co., Pa.; Catherina (Oyler) Verdriess married at Warwick, resided at Fredricks Co., Va.; Jacob I resided in York Co., Pa; Anna Barbara (Oyler) Kreuter married at Conewaga, Pa, resided in Fredricks Co. Virginia.

In Rev. John Casper Stoever (Lutheran minister) marriage records all the family name spelled Euler, which is the german. The marriage of Maria indicates that Conrad was still close to Germantown and Philadelphia. The marriage of Anna Barbara shows that he crossed the Susquehanna into the Conowago settlement. These records indicate that he was migrating south and west of Philadelphia deeper into the land called, The Land West of the Susquehanna in the vast confine of what was then Lancaster County.

The name of eldest son Jacob, is spelled Eiler and Eyler in the records. His descendants today spell the name, Eiler, Eilar; Eyler and Iler. The records for the youngest son, Valentine, show the spelling Eyler and Oiler. He signed legal documents F. E. and the name was spelled Fely Eyler. His will is Valentine OILER. His descendants spell their name OYLER. The family has remained Protestant in all the branches, most predominant denominations are the Brethren & Lutheran.

Dear Monroe,

CHeck LiBRARY City DIR.

Thanks for all help on Charles Huston. I didn't intend for you make all those trips. Glad to get her name as all Frank Huston could remember was where they lived, - his wife was from Ill, not her name. He said there were no children. I will check census of Ill. here. They have some other states here. Thank again for all your trouble, now knowing township may be able to find them.

WHY IS He DOING

I am enclosing copies of Oyler listing which I was able to get from the Brookville Historical Soc'ty. The Ist page is all I received from Abe Yost (who is the one making up this list) when I started on Oyler's. This is his wife line. I don't know if he made this up to sell or what, but he has never offer to show it, one of members of Brk Historical Soc'ty had a copy she had ~~bxxxx~~ borrow from a friend and they made copies of it for Soc'ty. Brk Hist. Soc'ty has census, funeral home records, newspapers, family histories, etc. so this where I find a lot of my information. Wayne really is interested in this and does a lot of liberty research and types it up for every one to use at the Samuel Spitler House which soc'ty owns and is a museum open on Sat & Sun afternoons. I spend most of Sat there. I now have 4 books to go thru on family information.

Back to the Oyler's, there is also over 50 pages on Rhoades family which goes with this. Will bring it out when I am in Illinois inthe spring - Carrie & I added some things which he did not have. He has the Abraham & Anne Urmey buried at Wooden Cemetery (they are in the old part of Bear Creek Cemetery) next to where Samuel Oyler and Elizabeth Oyler are buried. Samuel is a son of Joshua, who is brother of my Catharina, and Elizabeth is his grandmother, wife of Jacob Oyler, Jr or III. This is where Maradyn E. Oyler is mixed up. Only connection the Urmey were with Oyler's was Joshua Oyler wife was a "Urmay". I want to write to her, but haven't made it yet. Oh' in my last issue of The Helper "The Grundy Co Genealogical Soc'ty, 162 E Seventh St., Trenton, Mo 64683 invites new members. "GRUNDY GLEANINGS" is pubished quarterly by Maradyn E. Oyler, 162 East Seventh St., Trenton, Mo 64683. It is included with the annual dues to the Gruhdy Co Genealogical Society of $5.00. Members can have two queries published free each year. Volume 1 Number 1 of this publication measures 7x8½ inches, is stapied, and contains 8 pages of various Grundy county records. Maradyn is 2nd Vice President of soc'ty. They meet last Monday or Tuesday of each month. Their 1984 project is to collect & bind Grundy County Bible records. Thought you mit be interested.

Monroe, on that list of marriages I sent you, at bottom of the page is listed under Bear Creek - Samuel Oyler - his death s/b May 11, 1873 b - Sept 15, 1849. This is son of Joshua Oyler whose listing I am enclosing. Sorry for error. Elizabeth was with her daughter, Mary J. Turner in the 1870 census. Have not found the Turner's in 1880 census yet.

z1746

Also, Abe has Joshua as Henry child- I don't believe he was- he was a brother of Henry - Joshua is buried at Landis cemetery with his parents - on their stone — he had married Clara Hammel of Brookville. She was a school teacher. She married again - but in 1900 census she was living with her father, Geo M. Hammel. Also believe Susan Oyler was a sister of Joshua, father of Henry, making her Henry aunt. A Susan Oyler did marry Alonzo Cohaden, I not sure which Susan.

I hope this is not too confusing, I know it is just bits & pieces but when you start to but it together it will take form, now that is all we have to go on. It is easier to tell then put on paper. Hope to hear from you, that I didn't blow your mind. Will close for now, HAPPY NEW YEAR.

Sincrely yours,

I belive it was law that all children had to be bapt., so this was one reason they were — As Lutheran minister only one handy that what was done. It did leave a record which otherwise would not have.

The page on marriages maybe it will help to connect some of the other lines you have recieved. I'm sorry that for last couple months I have not been able to work only the Niswonger, and I have a lot to find yet.

On the ones buried at Eversole Cemetery - I had this information for along time as this my home church cemetery and where my mothers family are buried. We use to on Memorial Day go around to the cemetery in Montg & Preble Co and look up family, but since Dad is gone I haven't had a chance, I can not go to the one where Day & Mother are as is not safe. I do not know where the Samuel Oyler comes in, they are buried or listed with Henry Urmy & wife Susan as they were born in 1814 & 1819 could not belong to Elizabeth family. I want to go and see if I can find the stones but doubt it as it is in the old part and number years ago kids destroy a lot of stone in this part.

The chart of Oylers I sent to you was Carrie's. She got it at the Wysong reunion last year, but I do not know who make it up. I have not written to any Oyler's yet. Maybe one of these days when I get this Niswonger-Sager out of my hair, I can work on the Nye - Wagner and get to the Oyler & Erbaugh's.

Do You have any information of Lowell, Illinois in La Salle Co.? I need information of CHARLES E. HUSTON - B 1863 Ohio - Son of Susan Wagner & Thomas Huston He brought 80A farm on the Vermilion River, farm for years, then moved into Lowell, Ill worked in pottery plant until his death. Charles married in Lowell, Ill do not know wife name or date - Charles died after 1935 - wife died couple day after he died. Lived in brickhouse near river - river run north of him - he was a teamer & logger also.

I appreciate any help you can gave.

Thank you Monroe for all your help and information. I had hoped to get to Penns this fall and to Illinois but right now it doesn't look promising.

Hope to hear from you soon.

Sincerely ,

Mary

Dear Monroe,

Sorry, did not get letter back to you sooner. Hope you can fit chart together. I mark it top-1 & bottom-1 etc. there will be a space in middle as didnt get them run just right.

I haven't been able to do any thing on Oyler's. as I had a deadline on Niswonger & Sayer's for a book to be put out this fall. So have been working & thinking about that.

I did run across deaths in Monty Co. Oh when I was checking for Niswongers.

This may be my Elizabeth Fifer, I don't know yet. Will have to check cemetery records & see if I can find where buried.

Last Sat I was at Ft Wayne library, I found a Eller, Henry & Katherine Kittering marriage - June 22, 1787.

I'm wondering if this could be Carrie's line?

I will have to close for now. Hope to be able to work on Oylers before too long,

Carried died oct 1987 May Rex called me. I wrote condolence letter to her son.

Dear Monroe,

What a delightful time we had last Tuesday when we visited you. [illegible] didnt interfere with your visit [illegible] We enjoyed meeting all, or nearly all, your family. I hope we can again come to Decatur. We came at the height of the fall season. The trees were simply beautiful.

Earl came to the Motel about 10:00 P.M. We talked up a storm until midnight. He was a most interesting person and a very talented one, too. I was most impressed with the songs he has written and hope Disney would selects his work. There is a wealth of history in that song as well as the one about the Statue of Liberty. He is sending us a tape of the songs as well as a video tape of his trips to Germany.

Mary is making copies of the material I have and as soon as she finishes I will send it to you immediately. I feel I am getting very close to finding where I belong in this maze of Oyler history. And I feel you and I will soon establish our relationship.

I, again, want to thank you for the oil painting of the school house. It brings back many memories. I have a picture somewhere of the school that I attended and taught four years in, and if I can find it I will send you a copy.

Thanks for being so nice to us and making our day so interesting and informative.

Sincerely,
Carrie

Kenneth Gehner from Princeton, N.J. was seeking information about Valentine Oyler who married Mary (Polly) Arendt and Jacob Oyler who married Anna Barbara Arendt. He also was seeking information about Peter Arendt who married Catherine Oyler. I wrote to him, but to date have received no reply. He may be seeking information for the Arendts.

I still haven't heard from Lena L. 21734 Polk or her daughter which is very disappointing to me. I did enjoy receiving Lena's picture.

Mary Ney and I toured

Twin Tp., Preble Co. one Sunday, to find all the Hypsong farms. Although I have lived in this area all my life I had no idea that some of them lived as close to me as they did. Then too, some were gone from here before I was born. It seems that I will have to go to Indiana (as my next area to explore).

Do have a wonderful Xmas and the best of everything for the new year.

Always,
Carrie

Dear Monroe,

I attended the Thysong Reunion yesterday and today and as always, I came away with the feeling that there are many good people in this world after all. They were friendly, sharing people and each time I attend I find people who may be related or know some of my ancestors.

I have a small book I am sending to you tracing the Ludwig and his sons Valentines' family. This book contains some of the material that will be in the Thysong book when it is published. I thought you might like to have it because it contains more than the family chart Mary Ney sent you.

My summer has been like Grand Central Station since June. My dear grandson graduated June 7. and went to Oklahoma to visit his mother for two weeks. His sister Lori was with us for six weeks. During that time we spent almost three weeks in Canada. After she left the garden began overproducing and I was busy canning and freezing everything for three weeks. Then school began and I am being called for sub work besides getting John ready for college. He is attending Wright State U. which is only 45 miles from here. In between times I'm trying to clean house. Enough of that!

I have been very disappointed 21739 that I haven't heard from Mary Bennett McCoy or Lena 21734 L. Polk. I wrote to them and sent them the information I had which might link our two families. I have a strong feeling that we are related (This from the information you gave me). I seem destined to come to dead ends in my search.

Catherine 22266 Sahorn wrote to me saying that she was going to Va. to check on the John Oyler family. Since some of her relatives live in Preble Co. I sent her the information I had about that part of her family. I also had some information that may link that family to Lena L. Polks family and possibly mine. So you see I always have hope.

You will notice a~~n~~ name and address on the back of the Thysong Book. The lady is a genealogical librarian at the Huntington, Ind. library. If you ever need information I'm sure she could ~~[illegible]~~ dig it out for you. She also works at the Fort Wayne library and can find anything there. She is a name & address to keep for future use.

I might mention that the Thysong Reunion for 1986 will be held at Fincastle, Va the first Sat and Sunday in Oct. I would love to go and hope things work out so that I can get there.

Since I haven't heard from you for some time I hope this finds you and your family in the best of health. You have probably been as busy as I.

Sincerely,
Carrie

Dear Monroe,

I am so pleased with the information
you sent about 21739 Mary Bennett McCoy and
21734 Lena Polk. I have felt for some time
that Indiana may hold a key to my
past ancestors. When I attendend the
Wysong Reunion 2 years ago a Howard
Wysong from Kokomo said the Burlington
area was alive with Oylers. If Betsy
Woods was Lena's great aunt, then my
grandfather would have been her great
uncle. That would make her a
cousin of 21644 Lee Oyler, 21641 Valentine's son by
his marriage to Margaret 21642 Shafer. I want
to write to Lena and Mary as soon as
I can get everything together. I did
find a ~~23475~~ 21726 Henry Iler 26, a brickmaker from
Va. who was married to ~~23476~~ 21727 Katharine, 27 Ohio
in the 1850 Preble Co. census. This
would make 21726 Henry born in 1824 and
21727 Katharine born in 1823. Could this
be the information ~~she~~ Lena is
seeking?

If you will look at the Wysong
family tree that Mary Ney sent you
you will notice that in the line for
Henry Wysong who married Catherine Oyler

had a daughter Julia 8645 who married Ephraim 8646 Hoods. Who was the Ephraim Hoods Betsy 21633 married? This gives me 21634 much food for thought and I need more information from Lena. I am so pleased with all this information and feel that I now have something to work on.

You mentioned you were going to pick strawberries. I wish you lived nearer for I could give you all you wanted. My small patch has really produced this year. I have frozen several packages, had shortcake, pie, with ice cream and any way you can think of to fix them. Now I have a new round to pick.

Thank you again for all the help you have given me. I feel we are getting closer to finding that we are related.

Sincerely,

Carrie

P.S. I will return all the family sheets and correspondence you sent for me to read, just as soon as I can get it all digested.

Dear Monroe,

I have the information about the quarterly news on Virginia ancestors and will give it to you first

The Mountain Empire
Gregory Lynn Vanover - Editor
P.O. Box 628
Pound, Va.

The paper includes information about Eastern Ky. Western N.C., Eastern Tenn, South West Va. (Franklin Co is included) and Southern W. Va. issued quarterly $15 per year. It will have information if your ancestors lived in the area before 1900. This may or may not open new areas, but I thought it might be worth a try.

I have received so much information from the Crowell newspaper and recently received copies of "Footprints In The Sands of Time." which was written by Henry Crowell of Dayton, Ohio and Wm. Crowell from Bradford, Ohio in 1904.

Recently Gail Komar, who puts out the

paper asked me to look up the Crowells
in Preble Co., also the Ketterman famil
I discovered that our dear friend who
have gone to Canada with us for 38 years
are relatives of the Kettermans. Lois's grandmother was
Jenny Ketterman and I found a whole
new area with pictures to boot. It
really is exciting. Gail said she will
look up Henry Oyler. When I have time
I want to Xerox a page or two from
the Oyler history. A 21631 Henry Oyler is
listed in Hanover Pa. about 1780 or 1785.
This could be near his age. Since
Henry married a 21632 Susan ____ and had
a daughter Susan (Valentine's Wife) born in Franklin Co. Va. I
am pretty sure Henry's family may
have also followed the same route.
Time will tell. If you are interested
in any of the Crowell, (Crowl, Kraul)
let me know and I will send
you what I have. Just bear with
me. I'm making garden, housecleaning and
teaching as well as getting ready for
my grandson, John's, graduation June 7.

Sincerely,
Carrie

Dear Monroe,

I can't believe it's been 4 months since I last wrote to you. My life has been interesting and busy in that time. I have been kept busy subbing as I was the only sub on the list for awhile. Then I got in a deal with Conrail to buy the Railroad right of way which goes about 5 or 6 miles through our farm. After 99 years I have signed papers to reclaim the land again. This is only a ~~part~~ of why I haven't had a chance to write.

But I finally have a break through in my ancestors. Since I was at a stand still with 21631 Henry Oyler I decided to take a different route. I began investigating the Crowell ancestory. A lady in Fairfax, Va. was starting a news letter about the Crowell family and I wrote and joined for quarterly information. Yesterday I received a letter from her and find we ~~both~~ have a common ancestor - x Henry Crowell who came from Germany at a young age which could put him in this country at about the time the Oylers came. He followed the same route to York, Pa. He had 7 children. His son John was born about 1760 or 1765 and died in Franklin Co., Va. about 1845 or 1850. He married a Susan Dague at Frederick Co. Maryland in 1792 (Sept 15) and moved to Va. in 1794. Among his children was a girl named 21632 Susan (Crowell) who married an Oyler. They had seven children, among them 21641 Valentine Oyler, my grandfather. It seems one of his sisters moved to Howard Co. Ind. This was Betsy Woods. In the Wysong family tree, Henry and Catherine Wysong (She was Catherine Oyler) had a daughter Julia who married a Woods. They also moved to Howard County. Valentine also had these brothers and sisters.

Formerly a Woodruff
married? Ephriam Woods

1. Betsy Woods. 8681 (21633
2. Lucy Bowman, 8682 - I think I have information about her.
3. Margaret Snyder
4. Elizabeth McGuire
5. Valentine
6. John.
7. Mary.

Great aunt of
Zena Polk

John lived at Burlington, Ind. where I have many relatives.

It was interesting to note from the letter I received that there were several relatives who migrated to Preble Co. In hastily looking over my Census Books I find many Crowells in P.C. living very near my grandfather.

I am very excited about this new bit of information and just had to share it with you. When more information comes my way I will pass it on to you.

There is also an Oyler news letter from Franklin Co, Va, I am interested in joining. Perhaps this will bring further information.

More later.

I trust you now have the information you requested about a Charles Oufler from Shelby Co, Ohio. I hope it was what you needed. I am completely stopped as far as finding Henry. However at a "Harvest of History" meeting in Nov. I did find that the records in Franklin Co. were not burned as Gertrude Mann told me. I have another source to write to so let's hope I get some information this time. If that doesn't bring results I will have to go to Frederick, Co. Maryland and York and Hanover, Pa. This is the Route I think they traveled after Germantown, Pa.

I hope this finds you
and your family well
and do have a Merry Xmas
and the best that the

Dear Monroe,

It just occurred to me that you might not have received the letter I wrote to you while we were on vacation in Canada. I had written to a friend and she hasn't received my letter to her so perhaps you didn't get the one I mailed on July 27.

Mary Ney and I did not get to York, Pa. for the Hysong reunion and to date I haven't heard from anyone from here who might have attended. I was a little disappointed but then the month of September was not a good month around here. My son was gone most of the month in Alaska and Japan for his company and I was the sole guardian for my teen aged grandson. He got along fine. Then I cut my hand while washing a glass, and had to have 8 stitches.

We're back to normal now and I'm planning to attend a genealogy meeting Nov. 9 + 10 in Englewood, Ohio.

I have contacted ~~Catherine~~ Gertrude Mann to check records for me in Franklin Co, Va and she said there were no records. They had burned. I feel sure there are some records somewhere about Henry + Susan Ann (Crowell) Oyler. The death certificate for Valentine (my grandfather) stated that he was born in Franklin Co. Va. It could be possible that Susan Ann was his second wife. I have had no information about any brothers or sisters of Valentine's and it could be possible that when Valentine

There is a big gap in this

The next Wysong reunion should be held at Fincastle, Va. and perhaps Mary and I can attend that one and perhaps check the Census Books at Franklin Co.

Sorry I was so long in realizing you may not have received my letter. When we arrived home from Canada I had to immediately start the "Canning Factory" as everything in the garden seemed ready for either freezing or canning. I was kept very busy for a month at least.

July 24, 1984

Dear Monroe,

Due to the pressures of getting ready for vacation I didn't get a letter off to you before we left. Now that we are established here at Nestor Falls for the next two weeks I have time on my hands. We are on an island with our only means of transportation, a boat.

Two years ago I wrote to Gertrude Mann asking her for information about 21641 Valentine Oyler, giving all information I had. In a short time I received an answer from her saying the records had been destroyed by fire and there was no information. I feel reasonably sure that somewhere in Franklin Co. Va. there is information about 21631 Henry and 21632 Susan Ann (Crowell) Oyler. In our 1860 Census Henry and Susan Ann are listed as being born in Franklin, Co.

In the death notice and from the records from the funeral home Valentine died Dec. 28, 1911. He came to

Preble Co. about 1850. Since my mother always told us he came when he was 14, there are 9 years unaccounted for. He may have been in Indiana and lived near Hypong families. When he came to Preble Co. he lived near Henry C564* & Catherine C564 (Oyler) Hypong — in fact he lived with Henry & Catherine's daughter Julia C5643 and her husband Ephram C5643* Woods. (1860 Census for Preble Co.) Henry and Catherine lived in Preble Co. most of their life but Julia & her family moved to Ind. (I have the Co. in Indiana at home) because they are not listed in any census after 1860.

There is another woman in Franklin Co. who will look up information I have her name & address and want to contact her and see what I might find out from her. If I hear from her or get any more information I will surely send it on to you.

Sincerely,
Carrie

Dear Monroe,

I was pleased to get your interesting and lengthy letter and I will attempt to write the story of my life. Somehow we get the feeling our life is not very interesting to others, but this is far from the truth.

I am pleased you and Mary Ney had a nice visit. She is a very interesting person, also.

Here goes - I hope I can do as well as you did.

I was born May 19, 1911 on an 85 acre farm two miles north east of W. Alexandria, the second child of 21691 Robert and 21690 Bertha (Oyler) Ehler. My parents had five children, 4 girls and 1 boy. My early education was in a two-room school at New Lexington (a mile from where we lived. I spent 8 years in this school and then went the 4 high school years to W. Alex. Hi. I graduated in 1929 and went to Madame Blaker's Teacher's college in Indianapolis in the fall of 1929. I spent one year there and took a teaching job at the New Lexington school teaching the first four grades. In 1934 I went to West Alexandria and taught first grade there for 6 years. From 1930 to 1934 I continued my education at Miami U. at Oxford, Ohio.

On December 23, 1939 I was married to

John B.² Glander, moving to my present home one mile south of N. Alex. At that time married women weren't allowed to teach so in 1940 I resigned and became a farm wife.

My two children were born Fred on Feb. 22, 1941 and Janice on Nov. 25, 1943 (Thanksg Day). Janice was born during a flu epidemic and was very nearly a casualty. She had flu, infant diarrhea and pneumonia during the first month of her life, and the Dr. said she died twice during that time, but they were able to revive her.

I returned to teaching in 1953, teaching first grade at Lanier school (3 miles south of here) and after two years there, went to first grade in N. Alex where I taught until I retired (after 38 years) in 1981.

In 1962 tragedy struck when my husband suffered a heart attack in June. He lived until Dec. 20, 1962 when he suffered a fatal attack at aged 51. At the time Fred was in his third year at Ohio State U. in Ceramic Engineering and Jan had just completed the first quarter of her first year at O.S.U. I was determined that they stay in school and did keep them there, Fred graduating with his Master's degree in 1965 and Jan with her B.S. in Education in 1966. 21695 Fred was employed by Corning Glass

Dear Monroe,

I shall be happy to help in the search for relatives in Shelby Co. It may take a little more time than I had anticipated because I will be teaching (for about six weeks) in our public schools. I am a retired teacher but still find my connection with small children very stimulating.

I had a visit with Alfred and Frances Oyler from Miamisburg and we both found much of interest to us. She filled me in on Valentine's oldest son who lived in Burlington and Indianapolis. I also learned that Alfred is a relative of a former husband of my dearest friend. Incidentally my dearest friend is a second cousin to my late husband. This is what I am finding,— relationships on both sides of the family. Since my maiden name was Ehler I may find relationship there.

As I find information I will let you know about it and as soon as I can I will try to locate Charles and William Oyler.

Sincerely,

Carrie Glander

Works at Greenville, Ohio (30 miles north of here) and has done very well. He is in management and Development. He is now going overseas to Corning plants in Japan, France & England.

Jon secured a teaching position in N. Alex schools and became a special reading teacher. She is now in 3rd Grade and completed her Masters Degree two years ago.

In 1956 I returned to school and finished my B.S. degree in 1959. After I had finally finished with Education I could relax a little.

I continued to live on the farm after the death of my husband, renting the fields out. In 1970 after Fred had spent a year in New York at Corning he returned to work at Greenville and he moved in with me. He started farming and continued his work at Corning. He needs one job to balance the other.

I have 3 grandchildren, John, 2-1697 Lori 2-1698 and Jona. 2-1699

I have spent my life with children and in 1978 when my son's wife left him, John came to live with us. I have been his substitute mother since he was 12. and consider it a privilege to have been, even a second chance by helping to raise my grandson.

In 1925 I was was' confirmed into the Lutheran Church and am still active, teaching a class in Jr. Lutherans.

My retirement is spent gardening (I have a big garden) and canning and freezing much of our food. I have a big house to clean and this winter & spring painted 8 rooms. During the school year I do substitute teaching and in the summer spend two weeks fishing in Canada with my family. We have gone to Nestor Falls since 1954 and now the third generation of Glanders is hooked on fishing.

I am sending you some pictures and will include the information with them so that you will know what they are,

Incidentally the Clark sisters have started a little reunion for their branch of the Oyler family and it is today. Each year I gather some new information about this family.

I hope I haven't bored you with details, but this is my life.

Carrie

P.S. As I find more pictures I will send them to you.

Dear Monroe,

I don't think I've thanked you for all the material you sent me last winter. I have been over it many times and still can't find my 21631-LP001 Henry. In the census books my Valentine's father (Henry) and his wife (Susanna) are listed as having been born in Franklin Co. Va. Whether they are buried there I don't know. I am beginning to wonder if they may have gone to Indiana when LP0011 Valentine migrated (I have a feeling he (Valentine) may have gone to Indiana) I met a Howard Hysong from Kokomo, Ind. who told me there were many Oylers in the Burlington area. That is where Valentine's oldest son LP00111 Leander settled. I have written to Mrs. Carey Oyler 9854 but didn't find Henry there.

In exchanging information with Mary Ney I am finding our paths cross many times and we share quite a few ancestors. We are considering going to York, Pa. the last of Sept to the Hysong reunion and if we do we may find our missing ancestors there.

I have also found a Huddleston in Sugar Grove Cemetery and this spring-a Clyde Huddleston had his picture in our local paper. These may be of interest to Mrs. Schoen.

I am sending you a picture in which you will find Betty Clark. LR001125 ? I thought you might like to have it for your files.

If I collect any new information I will send it on to you. You have been very helpful to me and I sincerely appreciate it.

Sincerely,

Carrie

AMOS HUDDLESTON & EPHRAIM HUDDLESTON
WERE COUSINS OF JOSEPH BARTON OYLER

Dear Monroe;

I had hoped to get a letter off to you to thank you for the material you send. I am also interested in Lena Polk's information but haven't had much time to check it out. I did some work on it and I wonder if this could be Valentine C5 I's line. Valentine C56 had a son John C561 who was a brother of your Frederick, C566 The Clarks' ? Jacob and Mary Ellen Smith's C561611-8219 Valentine II. C561 I have no information on the "John" line. It seems that John C52 had two wives, Susanna Hurdt C52* and C52+ Christina Hauck (?) and one of his children was Henry. C525-7945 His birth date would be in the late 1780's 1790's?
I know nothing about this family line but did notice from Lena's information that the Henry Oyler she mentioned was born in 1892 ~~1892~~ ~~[illegible]~~ and his wife Catherine Wysong was born in 1823
According to the Preble Co. 1850 census there was a Henry Iler VL05-19429 b. 1843 or 1844 - parents John Iler VL0 19395 and Elizabeth VL0* 19396 I find in the 1880 census an Elizabeth Iler VL0* 81 from Md. who was a widow with 2 sons living with her Gideon 40 VL04 - 19428 and Henry 36 VL05 - 19429 which is possibly the same Henry as in 1850 census. The ages correspond
This is, no doubt, a relative because the mothers are not the same.

A thought occurred to me that perhaps my Henry's first wife, Susanna may have died and he may have married again. If I just knew whether he came from Franklin Co. Va with Valentine I might have something to go on. I feel reasonably sure that Valentine was in Indiana with the Wyong's before he came to Preble Co. Now if Henry also came he might have married Catherine Wyong since she was born in 1853. This has no foundation, I know, but I feel I need to go to the Kokomo area which is Howard Co. to find more information.

8655-6 ?

When I get the Wyong Family Book I may be able to find out who Catherine & Henry's children were. The information on the family tree lists only the children of the Wyong men. I can also write to Esther Zanta at Richmond for some information. She is, also, of the Wyong line.

There are many Brubakers around here. I did locate an Amos Brubaker but his wife's name was Sarah. Did these Brubakers (Amos & Louise live in Indiana? LOUISE OYLER MARRIED AMOS BRUBAKER NO CHILDREN

I want to check our library and our genealogist in Preble Co who is married to a Brubaker. This may be a good lead because I'm sure she has researched the Brubaker family.

As I gain more information I will pass it along to you, because I have a feeling I am related to all the Oylers we have researched.

Sincerely,
Carrie

Dear Monroe,

I am sending you information from the Wysong Reunion and censusus from Preble Co. for 1850 - 1860 - 1870 - 1880 to 1900. There seem to be Woodrings, Wysongs, Oylers, Crowells, Shafers and Bells all living on adjoing farms. They are either related or knew each other and settled in the same area, which was common practice. It seems I come so close to finding Henry but I can't get the proof I need. I think I need to look in Indiana because everything points to Howard Co. and Carroll County Indiana.

I notice that Lena lives in Howard County which is the Kokomo area I met a Howard Wysong from Kokomo who could possibly help her or Mary with the Wysong relationship Howard said there are many Oylers living in the Burlington area which is in Carroll Co. adjoining Howard Co.

The next time you write send me Mary's address and as I find information that may pertain to her I'll send it to her. I am always finding things of interest around this area.

Sincerely,
Carrie

I have recently met Mrs Mary Bennett McCoy, here in Decatur, and she informed me that her mother was an Oyler. She is Lena Oyler born in 1897 in Howard Co Indiana, the daughter of Joseph Barton Oyler, who was also born in ~~Ho ard~~ County. MONROE TWP.

21730

21727 21739

Mrs McCoy says she had received a letter from her mother Lena, stating that Henry Oyler and his wife Kathrine Woodring(she is supposed to be Penn Dutch) came to Cass County Indiana from Ohio about ~~150~~ 135 (1850) years ago.

726

Mrs ~~Bennett~~ POLK said to her daughter that they were related to the Wysongs (as you may know 3 Wysong bro thers and sisters married in the early 1800s 3 Oyler brothers and sisters in Franklin Co Va)

561* Z. WYSONG

562* 4TH WYSONG

564* HENRY WYSONG

While Mrs McCoy does not have dates as of yet from her mother, here is about how the family descended:

21726-OYLER LQ001*-21727

Henry and Kathrin e Woodring, were probably born in the early 1800s, and if they married and came to Cass Co Ind, it would have been about 1830

Their children were:

21728-LQ0011 Calvin Oyler estimate birth about 1830 to 1860 died in Indianaoli
21729- 2 John Henry Oyler " " died in Burlington Ind
21730 3 Joseph Barton Oyler " " 1840 died in Howard co Ind

Joseph Barton's children were:

21732 Juanita Oyler don't know birth date, died in Howard Co Ind
21733 Robert Oyler " "
21734 Lena Oyler born 1897 still living

LQ00133

Lena Oyler married a Mr Bennett, and their children are:
21734

21737 Kenneth Bennett born 1920 Howard Co Ind
21739 Mary " 1922 "
21741 Rolland Leon " 1925 "
21742 Dale " 1937 "

Are you able to give me any help on this family, to see if they connect with ours?

Sincerely

W. Monroe Oyler

Dear Monroe,

The Hyzong Reunion brought me a step closer in my search for my ancestors. I found that my grandfather, LP001-21641 Valentine, lived with Ephriam 8646 and Julia 8645 Woods when he came to Preble Co. Julia was the daughter of C564*-8642 Henry and C564-8641 Catherine (Oyler) Hyzong. C564* Henry and Catherine lived very close to the Woods family. Although this doesn't seem like very much there is a tie of some sort here. Incidentally there is a Hyzong Road about 3 miles from here that I am reasonably sure was named for C564* -8642 Henry. I am now looking for my ancestors in Indiana. There seems to be more of them there than in Ohio.

I found more relatives for the Clark sisters line of Oylers. I recently attended a "Harvest of History" convention for genealogy and found that a lady was looking for Oyler ancestry. As it turned out her ancestor was a sister of 21747 Joshua Oyler. She lives less than 10 miles from me. This is also Alfred Lee 21788 ? (LR) and Fran Oyler's 21789? (LR) ancestor.

XENA?

I noticed C5616111-8219 Mary Ellen Smith hadn't included an Abarella Oyler in information about her family line. She told me that 43808 Abarella was her great grandmother 8213?. Do you know anything ~~21677?~~ about this? ?

I am sending you the information 21747 LR001 concerning 21921 Catherine Oyler, sister of Joshua, for your files. A quick rundown of the line is on the back of this page.

I recently learned that a Mrs. Stewart Troxell of Kirkland, Wash. was looking for a Henry Oyler. I sent her my information but have had no word from her.

I will keep you informed as I collect information. It seems I find much about everyone but Henry. However, I am not giving up.

Dear Monroe,

C5616-8>13

I haven't been able to complete the Elizabeth Oyler Huddleson line. I have called my source twice and she hasn't, as yet, returned my call. This isn't like her to ignore my calls, so I must assume she has a good reason. If she calls later I will send you the information lacking, concerning the present generations. You might write to her at the following address:

I do not have the zip code but she will get it anyway.

Dear Monroe,

I have made some interesting discoveries concerning our Oyler ancesters. I am in the process of compiling the Valentine I line (son of Conrad). He had a son C4-34 Jacob, grandson 1>32 Jacob and great grandson ~~010~~ ~~1659?~~ Joshua >1747 who is buried near Brookville, Ohio which is about 10 miles from here. >1747 ~~1759~~ Joshua had a son ≥1761 Jacob whose daughter >1769 Hattie married a >1770 Clark. This is the line of my very dear friend.

I also am getting together the line of C5 Valentine I whose son was C56 Valentine, grandson C561 John whose daughter was C5616-1 8>13 Elizabeth who married C5616* - 8>14 Richardson Hulldson and lived in Indiana. This line of Oylers live in a radius of ten miles from here and have been friends of mine for years. If you are interested in obtaining this information I will send what I have to you. Incidentally, the >1745 Jacob Oyler line is also the line of Iron Oyler's husband as Joshua's sons were ≥1761 Jacob and >1784 Levi.

Now I am wondering again where I fit into this pattern. I have been doing some research and find that C5 Valentine I had four sons, C51 Jacob, C56 Valentine, C54 Frederick and C52 John. I have the Jacob and Valentine lines and I believe you are C54 Frederick's line. Now am I from the line of C52 John? I have found that he

C525 – 7945

had a son Henry who was born in the late 1700's. I do not have an exact date at present. Do you have any information concerning the line of C52 John, son of C5 Valentine I? Although I can't connect my line at present I feel that I am some how related thru' C5 Valentine I. Many paths are crossing right here in Preble Co. and while I know of some, others are not known at this time.

If the C52 John is my ancestor he died in York, Pa. His son Henry was probably born in Pa. Since no record of Henry can be found in Franklin Co. Va. (Mrs. Mann said some records had been lost due to fire) perhaps he could be found in Pa.

I haven't forgotten your Ancestors Charles + ? William who were in Shelby Co. (Sidney, Ohio) and plan to go there sometime in the late spring.

Let me know if you have information that may help me in my search.

Sincerely
Carrie

Sunday
Nov. 21, 1982

Dear Monroe,

I am sorry I haven't answered your letter sooner but I was called to sub in Title I reading program and was there for six weeks. I worked with about 80 different children with serious reading problems and needless to say I was busy every minute. It was a nice break.

Because of my activities I haven't gotten to Shelby Co. to check on Charles and Wm. Oyler. I may not get it done until spring but will try to do so then. As you say some Oylers could care less about their ancestors. Personally I find it extremely fascinating to know my ancestors walked over the same ground I am walking on. Although I haven't found my early ancestors, each time I hear from you or 21789 Fran Oyler there is a tiny bit of information that is leading me closer.

21789 Fran has given me enough information about the first family of LP0011 - 21461 Valentine and LP0011* - 21642 Margaret (Shafer) Oyler that I have been able to put together the (nearly) complete lines for both families. I am sending you a copy for your files and as I gain more information I will send it on to you. I feel as you do, somewhere, somehow, we're going to find a common ancestor because I feel reasonably sure we're related.

Another interesting fact has emerged from my correspondence with Fran. She is trying to find Al's 21788 grandfather's brothers and sisters. Would you believe it – my best friend's husband is a grandson of a Jacob Oyler who was a brother of Levi (Al's grandfather). There is also a relative by the name of Rhoades that lived near here. Their father was Joshua. 21747 I am in the process of getting this information together from this area. Incidentally my dear friend is a second cousin of my late husband. Now who says life is dull!

21641

I thank you for all the work you have done on Valentine. I have been able to place him in Twin Tp. Preble Co. in the 1850 census. His name was spelled Iler and he lived with the family of #646 Ephraim Woods, who was from Va. Next door was the Daniel Crowell family also from Va. This could have been an uncle of Valentine's as his mother's maiden name was Crowell. Valentine later owned the farm where the Woods family had lived.

As soon as I have more information I will send it on to you and if I can get the Jacob Oyler line to the present time I'm sure it will prove interesting to all of us.

Sincerely
Carrie Flander

Dear Monroe,

I shall be happy to help in the search for relatives in Shelby Co. It may take a little more time than I had anticipated because I will be teaching (for about six weeks) in our public schools. I am a retired teacher but still find my connection with small children very stimulating.

I had a visit with 21788 Alfred and 21789 Frances Oyler from Miamisburg and we both found much of interest to us. She filled me in on 21641 Valentine's oldest son who lived in Burlington and Indianapolis. I also learned that 21788 Alfred is a relative of a former husband of my dearest friend. Incidentally my dearest friend is a second cousin to my late husband. This is what I am finding; relationships on both sides of the family. Since my maiden name was Ehler I may find relationship there.

As I find information I will let you know about it and as soon as I can I will try to locate Charles and William Oyler.

Sincerely,

21693 Carrie Glander

be of any value to you but I have been very excited about it and feel I am getting closer all the time.

Incidentally, I have John S Eilar's book on the History of the Oyler's in America and have read it completely. The closest I can place any of them is in Dayton, Brookville and New Lebanon, Ohio which is in the range of 10 to 20 miles from here.

Thank you for your interest and as I find more information I will relay it to you.

Sincerely,
Carrie Glander

Dear Monroe,

I am calling you by your first name because eventually we will probably find we are related. I hope you don't mind.

With the passing of each day I am finding clues to the Oyler ancesters. The death certificate for my 21641 Valentine says his father was 21631 Henry Oyler and his mother was 21632 Susan Ann (or Susanna) Crowell. They lived in Franklin Co. Va. where Valentine 21641 was born. There was no mention of brothers or sisters. I have written to Mrs. Gertrude Mann at Rocky Mount Va. (a genealogist) for help in finding out about

166

Henry's parents. I hope this will be the clue I need, if not, I will search farther.

Very recently I learned that Mr. Alfred Oyler 21788 lived in Miamisburg. They were in our area some time ago searching for Oyler ancestry. At the time our genealogist didn't know of my relationship to the Oylers. I plan to write to them very soon and perhaps visit them because they live 20 miles from here.

I have also discovered Elizabeth Oyler 8213 from Franklin Co. who married a Richarson ~~8~~ 8214 Huddleson. A daughter (more likely a granddaughter) married Phillip Shafer 8216

who was the brother of Margaret 21642 Shafer who was the first wife of my Valentine. 21641 She died in 1878 and he married my grandmother 21643 LP0011+ Emeline Longstreet in 1883. C561617+ Phillip Shafers +23098 grandchildren were my playmates when we were children and his granddaughter C561611 Mary Ellen 8219 Smith is also searching for her ancestry. I haven't been able to contact her since I have discovered this as she has been visiting a daughter in Colorado and I have also been on vacation in Canada.

This may or may not

Dear Mr. Oyler:

C563
8550

I noted your article, "My Oyler Relatives," in the Marion County, TN, quarterly publication "The Searcher." I am descended from John and Elizabeth Oyler Dame. I have been trying to contact any researchers/relatives of both Dame and Oyler lines, but haven't had much success. Naturally, I was surprised to see your article and offer to possibly expand the family tree. I would like to correspond and possibly share any material with any and all Dame and or Oyler cousins, but there apparently aren't too many! There is a John Dame residing in Jasper, Tenn., [listed in telephone directory] but he didn't respond to my letter.

I am inclosing all the information I have on the Oyler line, but would like more if available. I don't have my various family lines depicted in charts at this time; I have them in narrative form such as the attached. My goal has been to take each of my primary lines back as far as possible and identify each of their descendants to the present time. It is a large order and takes alot of time, but one that I enjoy doing. I retired from the AF in 1979, after 28 years, so I can spend more time researching! I don't know to what extent you're establishing your Oyler line, but I'd be happy to share any material of allied lines that I may have. Do we have any cousins, either Dame or Oyler, that you know of that would work with us to expand these families? I sent a query to "The Searcher," but received no response.

I am inclosing a self-addressed envelope for your convenience and I'm looking forward to expanding our family trees as much as possible.

Sincerely,

Walt 42371

Shortly before the War of 1812, John and Elizabeth, accompanied by his brother, George Jacob, and possibly others, yielded to the call of the rumored paradise in the Kent. Territory and left Va. With two-wheeled carts they pushed their way westward through the wilderness, crossing rugged mountains, through the Cumberland Gap, in quest of a new home in the West where land was plentiful, forests abounded with wild game and furnished logs for their early pioneer homes. John and Elizabeth settled in Sequatchie Valley in Tenn., but George Jacob moved further west.

John fought under General Andrew Jackson in the War of 1812 and was in Mobile, Ala., when the war ended. After the war he walked approximately 380 miles from Mobile to his home.

John and Elizabeth were buried in the Dame Cemetery in Jasper, Tenn. They had twelve children: Valentine; John, Jr.; Mary; Melinda; Lucinda; Elizabeth Ann; Andrew; Frederick, born ca1821, and drowned ca1833; Sarah; George W.; David; and Daniel, born ca1830 in Jasper, Tenn., and drowned in the Sequatchie River ca1842; with exception of Frederick and Daniel they are identified below by Arabic numerals.

Dear Mr. Oyler,

Thank you so much for your nice letter regarding your Oyler family. I wish I could find a link between our two families but so far I have not been able to. Mrs. Edna B. Ripley had sent me your family sheets and I have gone over them carefully. At first I thought my Melcher Oyler might be a son of Jacob, your Valentine's brother, but the dates do not jibe. LM01 - 21238

LM011 - 21240

I apparently descend from Melcher Oyler whom I believe to be the father of my great-great-grandfather, Jonathan Oyler. Jonathan is shown in my grandmother's Bible as having died 20 January 1849, probably in Pike County, Missouri. He married Mary Ann "Polly" Hill 17 June 1807 in Logan Co., Kentucky.
21242

1238 I have found Melcher in the Old Mero District, N.C. (which now encompasses Robertson, Montgomery, and other counties in Tennessee) in 1789. Later the same year I found Melcher in Sullivan County, Tenn. The last mention of him I have found is in Robertson County, Tn. in October, 1800. That same year Jonathan's name appears in Robertson County. I assume Melcher died there. I have no proof they were father and son but suspect they were from pretty strong evidence.

Before coming to the Old Mero District (a part of N.C. at the time) I found Melcher in Washington County, Va. when in 1780 he became guardian of William and John Duncan.

Just where Melcher came from is the big question. I found one Melcher Eller, "the son of the late Caspar Eller," who was baptized on 18 April 1756 at age 20 (b. 1736) in New Hanover, Montgomery Co., Pa. His age bracket is right to be my line.

I have found another Melcher Eller in Rowan County, N.C. and his dates also fit. My Melcher got a land grant from the state of N.C. and since the Old Mero Dist. was part of N.C. I feel it more likely that the N.C. Melcher is ours but do not know for sure.

Family legends are interesting, 'though sometimes not factual. My legend is that the Oylers were coming across Kentucky when they were attacked by Indians. All the Oylers were killed except one small boy (about 7 to 9) and he wandered around in the wilderness for days until he accidently stumbled into the fort of Daniel Boone. In Boone's camp was the Seely family and Mrs. Seely took him under her wing and finished raising him. The fort was under seige by Indians and their ammunition was running dangerously low. Mrs. Seely smelted down her precious pewter for bullets and cried every minute of the time. Her pewter was her link to civilization and losing it broke her heart.

LM0116

The family went on to St. Louis, Mo. after spending three years coming across Kentucky.
21262 Jonathan Oyler's son, Charles Hill Oyler, m. Sarah Ann Seely in 1848 and they were my great-grandparents. I was born and raised in Mo. and moved to Kansas when I was 13. My husband and I have only lived in Alabama about 19 years. How much of the Oyler massacre story is true I can not tell. I have questioned several parts of it.

I would like to keep your family group sheets if you do not mind as I have hope some day of tieing all the Oylers (and various spellings) together even if it is back in Germany. If you would like your originals back I can Xerox these and send you yours.

Sincerely,
Dorothy Scott Johnson

Mrs Johnson is an Oylear descendent and is doing research on the family. You will hear from her very soon, I am sure.

I read all of your material and want to compliment you on such a comprehensive study of the family. The 5-generation picture which you listed as an enclosure was not in the envelope. Thought I should mention this.

Thank you very much for responding to the BACKTRACKING article, and I hope that your association with Mrs. Johnson will be of mutual benefit.

OYLEAR (Oyler, Oiler, Euhler, Iler, etc). The two previous BACKTRACKINGS 2124 have given outlines of two families named SEELY. The Seelys have a family story about a young boy, presumably Jonathan Oylear, LM011 whose family was killed by the Indians somewhere in Kentucky while the Seelys and Boons were staying in one of the frontier forts for protection during the Indian raids. The boy escaped by hiding in the woods, then wandered lost for several days until he stumbled into the fort where the Seelys were. (Mrs. Seely took him under her wing and finished raising him). The fort was then attacked by Indians and under siege until the ammunition began to run dangerously low. Mrs. Seely smelted down her beloved pewter into bullets, crying every minute of the time — not from fear but because her pewter was her one link to civilization. The Seelys were enroute from Pennsylvania to Missouri, ran into Indian trouble in KY and it took them three years to make the journey from KY to MO. LM011

Jonathan OYLEAR was bca 1779-80 probably 21238 the son of Melcher Oyler 1740-60. John married Mary 21242 Ann HILL on 17 June 1807 in Logan Co KY. As near as can be determined, they both died in Pike Co MO. Their children were: 1) 43757 Daniel bca 1810, 2) Mary bca 1810-12, 3) Melvin Melcher b 14 Jan 1814 and marr Elizabeth Spurgeon b IND, 4) Robert bca 1819 in MO and married Nancy ---, 5) Susan bca 1815-20 and married Nathan Massey, 6) Charles Hill b 20 Apr 1821 in Pike Co MO and died 24 Dec 1898 in Putnam Co MO, marr Sarah Ann Seeley on 12 March 1848 in Pike Co, 7) Sarah Elizabeth bca 1825 and d 1881; marr No. 1 Rufus L. Bruce in 1841 and No. 2 James Monroe Seely in 1848, 8) Elvira Oylear bca 1825 marr Abraham Dennis, then 9) a daughter unnamed born around 1825-30 on which we have no other information.

Any information on the OYLEAR family will be greatly appreciated by descendants. Please contact Mrs. Ripley for further details. The Oylears were German (the name was corrupted from EUHLER) and the ancestor landed in Philadelphia. From there he headed west as so many of them did, and the family was wiped out by the Indians.

Ed note: Does anyone have information on the surname RATHBUN - RATHBURN - RATHBONE in not only Iron Co but in the surrounding area?

Davis completes training

Marine Pfc. Michael D. Davis, son of Paul D. and Carma S. Davis of Irondale, has completed recruit training at the Marine Corps Recruit Depot in San Diego, Ca.

During the 11-week training cycle, Davis learned the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional standards traditionally exhibited by Marines.

Davis participated in an active physical conditioning program and gained proficiency in a variety of military skills.

Dear Monroe, 43770

My husband"s uncle Enos gave me these letters of yours last week, when he came for dinner, and found me trying to trace our family tree. He was kinda tickled to think I've been tracing it for nearly two years.

Five years ago when 23988 Nelson and I got married, his family didn't know where they came from or anything about themselves. I got curious, so I started digging. An old school teacher of mine called me right after we got married, and said she knew and Oyler in Idaho Falls, and wanted to know if we were related. So that's where I started. I got ahold of his address, and he passed my letter on to his grandmother, and she wrote me a letter and said to write to the Oylers in Loa, Utah. So I did and they sent me gobs of papers on the family tree. They got me papers from the L.D.S. Church. I was sure I could tie us together, but I couldn't.

I guess you know that George Oyler's father was named James, 43758 and 43759 wife Mary(Pinkly) Oyler came from Indiana. George also had 5 sisters 4? and 5 brothers, so we might be able to get some information there too.

Now lokking at my papers, could this be where we come together?
8676 Jacob Oyler, born to Valentine and Mary(Arndt) Oyler, this is all I have on Jacob, Born about 1788, could he have had a son named James? If so this James would have been born around 1810, and could be George Oyler's father. I am just guessing, but in your letter you said there was a James Born to a Jacob,and thought this could be the way. I do know that Jacob was born in Franklin County, Rocky Mount, Virginia. He also married there, a wife Susannah. You said that neither Jacob1st or Valentine the 1st had grandsons names James. The L.D.S. Church had nothing on Jacob 1st except that he had two sons names Jacob and Frederick. Not to be confused with Valentine's sons named Jacob and Frederick. This is so confusing. Also that they think Jacobs descendents may have settled in Maryland. I will try Vital Stats in Maryland. I have all state Addresses to write to. James could ahve been born in Maryland. Maybe the have a birth certificate.

Please keep digging and I will too, and will try to keep in touch. Now I will tellyou alittle about us. I am 24, and my husband Nelson is 31. We both grew up in the Three Forks-Manhattan area, and married 5 years ago. We work on a large ranch about 75 miles from Manhattan. We work hard and enjoy a good country life. We have one son, Luke.

I hope someday we can piece it together. It will be a lucky day when we do. Hopee to hear from you soon.

(Please excuse the mistakes) Lou Ann Oyler

Dear Monroe:

Was surprised and pleased to receive your letter, I have often wondered, how many of the Ogle clan, there is, when ever I go on a trip. like to Denver, Salt Lake Chicago, or any big city, I always look in the Phone book for a Ogle name, as it isn't a common name.

Well as far as being related I don't know, but I am enclosing some data from the Montana Historical Society, on my Great Grandfather, George Ogle, also a piece from a magazine, My Grandfather died about 3 or 4 yrs ago and he proably knew all the history of this family, my father is still living and will know more about it than I do, and I will forward a copy of your letter to him.

As you can see by the enclosed literature George (Ogle) was a early settler into this country. I never knew him but have heard the stories from my Grandmother & Grandfather and folks, and I spent a lot of time with my grand parents, in the house he (George) built as a home stead cabin, the cabin was a three room cottonwood log cabin, it had a dirt roof, and a dirt floor, I can just remember when I was little my grand father (Bob) putting a wood floor

Mr. Monroe Oyler
315 Cambridge Dr.

Dear Mr. Oyler;

Received your letter and should have replyed before now.

I Can not give you very much information, as I don't know much about the Oylers.

My Grandfather Come from Missouri in 1864 or 65 when he was young. About 19 or 20 years of age as near as I know. He was in the Civil war and as soon as he was discharged he Come west. He was from a large family as near as I know. He had 4 or 5 brothers. His name was ~~George~~ Enos Oyler. He first worked in some of the gold mines near ~~here~~ and then later took up a home stead and raised sheep and Cattle. He had 2 bands of sheeps and had bought

Quite a bit of land. Some of which we live on today.

He and his wife had 6 Children 3 boys + 3 girls. None of them are living today. Henry James Oyler was my father's name.

We no doubt have quite a few relation in the east, but we dont know them or anything about them, as George E. Oyler never returned home after he Came to montana, and only one brother Came out here after he got word from some others that there was an Oyler in Montana. Untill he Came here and found him, the family had thought he was killed in the war, as the way I heard it he never returned home after being discharged, but Came west.

He was never a man to keep in touch with his family and for that reason we know very little about them.

I was born Aug 5, 1913 so you and I are Close to the same age.

Some of Dads brother Ben Oyler's Children live in Washington around Seattle.

My dads other brother Bob Oyler lived in Manhattan till he died and he h. a son Everett Oyler that lives in Manhattan at this time.

My wife and I have 4 children. 3 boys and 1 girl. Walter, Truitt, William and Bette Gail.

Sorry I can't give you more information.

If you are ever out this way look us up.

Yours truly
Enos Oyler 43770

In 1887 he went to New York, where for a time he was identified with steamboating on the Hudson river, after which he retraced his way westward to northern Wisconsin, securing employment in the iron mines at Hurley. In 1890 he came to Helena, where he engaged with the Montana Central Railroad for two years as a bridge carpenter. In 1892 he was appointed to membership on the police force of Helena under John Curtin, chief of the department, and in this branch of the city's service he was retained until the fall of 1900, when he was elected sheriff of the county, an office to which he was peculiarly eligible, both by reason of his police experience and his executive ability. He is an excellent judge of humanity and this gives him peculiar power in the controlling of the criminal class. He is giving an excellent administration of the affairs of his office, being worthy of the preferment which has thus come to him. GEORGE E. OYLER.—In the Old Dominion were born James and Mary (Pinkley) Oyler, who removed to Indiana and thence to Franklin county, Mo., where, on June 22, 1844, was born to them a son, receiving the name of George E. In the family were four other sons and four daughters, but it is of the one first mentioned that this article has to do, since he is numbered among the worthy pioneers of Montana, and now one of the progressive and prosperous farmers and stockgrowers of Gallatin county. A man of unassuming character, he has quietly pursued the even tenor of his way. Typical American that he is, he served valiantly in the Union army during the war of the Rebellion, while on the western frontier he participated in many of the stirring events which marked that epoch. Personal modesty cannot absolve him from recognition in this work, where tribute is paid to many other sterling pioneers of the state.

Mr. Oyler was reared on the old farmstead in Missouri, receiving such educational advantages as the place and period afforded. He was not twenty years of age when the horrors of civil war engulfed the country, but his intrinsic patriotism led him to tender his services in defense of the Union. On June 18, 1861, Mr. Oyler enlisted as a private in Company I, Twenty-first Missouri Volunteer Infantry, Col. Moore commanding, and was thereafter engaged in scouting duty until the battle of Shiloh, in which his regiment took an active part, also in the engagement at Corinth, then returned to Missouri, where it followed Price on his famous raid. He followed the fortunes of his regiment and he was honorably discharged at Nashville in 1864, having served six months beyond his three years term of enlistment. Returning to Missouri he re-enlisted in Company G, Fourteenth Missouri Cavalry, Col. Gravely, the command going to the plains and stationed along the Sante Fe road to fight the hostile Indians; but a treaty was made and trouble avoided. He returned with his regiment to Fort Leavenworth, Kan., and was there honorably discharged in October, 1865, returned to Missouri, being in the city of St. Louis when news was received of the assassination of President Lincoln. Mr. Oyler passed the winter in Missouri, and in the spring of 1866, started on the overland journey to Montana, driving a team of oxen. The party had no encounters with Indians en route, but previous trains were not so fortunate. They crossed the ferry at Big Horn, the boat being a dug-out, used to transport the wagons, the oxen being made to swim. Upon returning for other portions of the outfit they transferred a number of Cheyenne Indians across, everything being over before night. Soon afterward a large mule train arrived on the opposite bank, but before morning the Indians had made away with every mule in the outfit, leaving the emigrants with only their wagons. The company continued its journey to Gallatin valley, arriving in Bozeman on the 25th of July, where they disbanded. Mr. Oyler and two companions proceeded to Helena, remained but a short time and then returned to Gallatin valley, where Mr. Oyler was employed by John Nixon. In the spring of 1867 he worked for Philip Thorp and remained with him the following summer. In the spring of 1868 he went to the Crow creek mining district, engaged in mining in that vicinity for two years, but his success being of a

199

negative character he returned to Gallatin valley and took up a claim of 160 acres and engaged in stockraising for seven years, but later turned his attention to the sheep business, engaging therein extensively until 1896, having an average of 4,000 head. In the year noted he disposed of his sheep and again turned his attention to the cattle business, which has been his principal field of industrial operations ever since. Mr. Oyler now has a valuable ranch of 1,600 acres, upon which he raises large quantities of timothy, a portion of the tract being under irrigation; but the larger amount, being low bottom lands of great fertility, requires no irrigation, the confluence of the East and West Gallatin rivers being on his ranch. He raises principally shorthorn cattle, and usually has about 300 head. He has been successful in his efforts, and his integrity and honesty of purpose have gained the esteem and good will of all who know him. In politics he gives his allegiance to the Republican party, and maintains a lively interest in his old comrades in arms by retaining membership in the Grand Army of the Republic.

In a reminiscent way it may be stated that in 1871 Mr. Oyler had on one occasion started out to call at the home of his neighbor, John Nixon, and noticed a band of Cheyenne Indians not far distant. Mr. Nixon lived only a quarter of a mile distant, and just as our subject passed around a bend in the road he saw the savages moving rapidly about his neighbor's house, but on approaching nearer, not supposing anything was wrong, he discovered that Mr. Nixon had been shot by the Indians, who made away with his horses. Mr. Oyler at once assembled a party of settlers and started in pursuit, but after proceeding many miles over the mountains, down Big Timber and across the Yellowstone, they finally abandoned the chase, finding it impossible to overtake the miscreants.

On December 24, 1882, Mr. Oyler was united
43761 in marriage to Miss Annie J. Perks, a daughter of William Perks, concerning whom an individual sketch will be found on another page of this volume, and of this happy union six children have been born, namely: Henry J., Fontie, Robert, Maud, Benjamin and an infant daughter.

HON. HENRY M. PARCHEN, former president and manager of the Helena Power and Light Company, and one of Helena's most liberal and enterprising business men, was born in Prussia on June 13, 1839, the son of George and Mary Parchen, also natives of Prussia. The father, as was also the grandfather, was both a miller and the mill owner. In 1848 the family came to the United States and first settled at Townline, near Buffalo, N. Y. Here they resided until 1861 when they removed to Richardson county, Neb. Here George Parchen purchased a farm and engaged in agriculture until his death in 1895. Of his four children three are living. Henry M. Parchen was the youngest of these children. He remained at home until he was fourteen years of age, and his education consisted of instruction in the public schools and a thorough course in the Bryant & Stratton Business College at Buffalo. Upon leaving that college he was a clerk at Townline until 1857, when he removed to Marshall county, Ind. Here Mr. Parchen remained until 1858, and then went to Cincinnati, Ohio, and in 1862 he removed to Denver, Colo., and was a bookkeeper in the Planter's House. The following spring he took charge of the Massasoit House, at Central City, for himself, and in this business he continued for some time. In July, 1864, Mr. Parchen first came to Montana, where he was employed as bookkeeper in the mercantile house of Erfurt, Busch & Co., at Virginia City, until 1865, when, in company with Dr. Wernigk and Louis Keysser, he opened a drug and grocery store at Helena. Later the firm of Parchen & Painter was formed by him and W. S. Painter. This did an extensive wholesale and retail trade, reaching out in all directions throughout the state. As business increased branch stores were established at Deer Lodge and other points. In 1874 Mr. Parchen purchased his partner's interest and continued the business with constantly increasing volume and profit as H. M. Parchen & Co., and under his able, sagacious and judicious management it has become the leading wholesale and retail drug house in Montana.

In the building of the three branch roads of the Northern Pacific from Helena Mr. Parchen was largely instrumental. He is also a director and heavy stockholder in the Helena Gas Company, the Electric Light and Street Railway Company, and when their consolidation was effected he was president of the new organization from 1894 until 1900. In addition to his connection with these important industries, which are of so great ad-

THE LAST OF THE MONTANA ROAD AGENTS

By Jesse R. Green and
Virginia S. Burlingame

BILL HUNTER knew he had to take a desperate chance. The Vigilantes surrounded Virginia City, Montana Territory. They wanted six road agents and Bill was one of them. He would be hanged if caught.

It was mid-January, 1864. Haze Lyons, "Clubfoot" George Lane, Jack Gallagher, Boone Helm and Frank Perish were said to be in the custody of the Vigilantes. (They were and brought to trial and hanged. Their graves on "Boot Hill" are one of the chief attractions to tourists visiting the historic town). Bill Hunter was as guilty as they.

An army overcoat was his chief protection against the night cold as he crawled down a drainage ditch and through the guard. Whether the overcoat was blue or grey is not recorded.

Bill Hunter came to Montana as a gold miner and did work some diggings in Spring Gulch, which leads into Alder Gulch, but placer mining is hard work and Bill wanted something easier.

In his early twenties, good looking and popular, Bill found employment in the secret service of the road agents, a gang of robbers and murderers who preyed upon the honest miners. It was Bill's job to mingle with the crowd and learn who had gold and when it was to be taken out of camp. This information was passed on to his superiors, who held up the stagecoaches and pack trains. Bill received a cut of the loot, and it sure beat mining.

He probably had a hand in some of the robberies for when "Red" Yaeger had been caught a few days before Bill's flight from Virginia City, he had given the Vigilantes a rundown on the gang and listed Bill as "a telegrapher and road man." "Telegrapher" meant messenger.

The Vigilantes hanged Henry Plummer, the dapper sheriff who was leader of the gang, and three companions in Bannack, January 10, 1864. Three days later they had crossed two mountain ranges to round up the five men in Virginia City.

WHEN Bill escaped, he had to travel light. With his army overcoat, but no blankets or snowshoes, he floundered through deep snow over the high pass between Virginia City and the Madison Valley, where he dared not ask for food from settlers.

Bill had frosted his feet and walked painfully, but still he hurried for he knew the Vigilantes were probably on his trail. In the Gallatin Valley he hid out for some days, sheltered only by rocks.

(Continued from page 40)

Finally he found an empty cabin. The owners were off on a fake gold rush. The cabin was well stocked with both blankets and food so Bill made himself at home, which was within the frontier code. He planned to nurse his feet, get a horse and go on to Fort Benton, where he hoped the Vigilantes would not follow.

The owners of the cabin came home to find Bill, and one of the men, Dennis Riordan, had mined an adjoining claim with Bill in Spring Gulch and made him welcome. The other man was Wesley Emery, who later wrote an account of the incident.

A severe blizzard came up during the night and drove cold and snow through every tiny crack in the log cabin. Each man had a bunk and rolled himself in every available blanket. Bill also used his army overcoat as covering.

About midnight Emery heard horses in the yard, followed by a knock on the cabin door. When he opened up, the wind blew a drift of snow in to swirl around his bare legs. One man in the group asked for shelter and Wes invited them in. He supposed them to be fellow gold seekers. Six men came into the 10 x 12 cabin and warmed themselves at the fire, which Emery built up with fresh wood. They talked of mining until they were warm and then five of them wrapped up in their blankets and lay on the dirt floor. The sixth sat up guarding the door.

Riordan had roused up and greeted the strangers. Hunter apparently slept with a blanket over his head. Emery noticed the army overcoat had disappeared, probably under Bill's blanket. Emery slept lightly the rest of the night, wondering about this strange influx of guests.

THE NEXT morning one of the men, who seemed to be the leader, took Emery aside and asked about the man under the blankets. "Does he wear 'foxed' pants, an army overcoat and a mustache?"

Emery explained he had clipped the mustache and warned that Bill always carried a pistol in his pants waistband.

The leader then walked to the bunk and laid his arm heavily upon the sleeping man, pulled back the covers and said, "Wake up, Bill. I want to talk to you."

"If you will take me to Virginia City [illegible] effort to hide his identity now.

"You'll have a trial. Give me your gun and prepare for the road," said the leader. "We have a horse for you to ride."

Outside Bill noticed one man walking and doubted if he would ever make Virginia City—some sixty miles. He was right. In about one-half mile they stopped under a big cottonwood tree. One man kicked the snow away and started a fire. Another brought out a frying pan and a coffee pot and prepared breakfast. This site is on property now owned by Dell Lambert.

Bill ate with the rest until he noticed a horizontal limb stretching out over Camp Creek. Then he lost his appetite, turned pale and asked for water.

The man who promised to take him to Virginia City tried to keep his word but was overruled. The trial was held there under the big tree. Bill's crimes were related and he admitted his guilt, requested that his friends—probably "back East"—not know the manner of his death, stated he had no property and requested a decent burial. The verdict was "death by hanging."

The hangman came prepared and flung a rope over the convenient limb. Bill shook hands all around and then he swung from the limb.

The ground was deeply frozen, and the Vigilantes left him hanging. Later, George Oyler, who lived nearby, and a party came upon the grisly scene. They had tools and buried Bill in the bluff above the Gallatin River, erecting a small wooden marker.

But Bill did not rest in peace. First an animal dug into the grave. Then canal builders came upon the body and moved it about fifty yards. Much later a construction crew building Highway # 10 dozed out the bones, which were identified by local residents as those of Bill Hunter. One historical-minded citizen gathered them up and placed them in the museum in the courthouse in Bozeman.

On July 4, 1966, three Bozeman men rescued the stump of the hanging tree and placed it in the McGill Museum. This stump was identified beyond a doubt by the son and grandson of George Oyler, who had cut Bill down.

Thus the last road agent and the tree he unintentionally made famous are preserved for posterity.

PRAIRIE HOLOCAUST

By Martha E. Lambert

TWO YEARS OF DROUTH had parched Hitchcock County, Nebraska. By fall of 1891, even the grass had dried up and blown away. Carcasses of starved cattle dotted the countryside. Horses were too poor to pull a wagon. Chickens were killed and made into soup because there was nothing to feed them.

Then in March came a wonderful snow. For three days and nights it fell, its great, feathery flakes covering the ground two feet deep. As the snow disappeared, a green carpet of grass cov- [illegible] of water, and nights became noisy with the croaking of myriads of frogs.

There was a bumper crop that year. Cornstalks grew as high as a man's head and yielded two ears to the stalk. The blue stem which had reached to Father's armpits was now standing in huge, golden ricks in the barnyard. No man had cribs enough to hold his corn and hundreds of bushels lay piled on the ground. Many people burned it for fuel —at ten cents a bushel it was cheaper than coal! Sorghum, another staple crop, had yielded bountifully and every farmer had a rick waiting for the sorghum mill to come and grind it into molasses.

That Sunday morning in late November nearly the entire neighborhood was attending church, in thanks to God for our bountiful harvest. The farmers had joined forces and built a sod church. A visiting pastor from McCook had come to preach the dedication sermon.

Mother was sick in bed with grippe (flu) so she and I had not accompanied Father, Bobby and Bea to the service. While Mother dozed in her blankets, I played with marbles on the floor. Suddenly I heard a great clatter of hoofs and wheels, and ran to the window just as the folks turned into the yard. Before the wagon came to a stop Bea had jumped out and run in the house shouting:

"Haven't you seen the awful prairie fire? It is already on the prairie-dog town across the creek!"

Without waiting to change his Sunday clothes. Father hitched to the plow and, with Bobby lashing the horses to a trot, began plowing fireguards. A strong north wind was carrying the flames directly toward our house. All our buildings were made of logs; if the fire crossed Driftwood Creek, we would be entirely wiped out. Black smoke darkening the sky had turned sunshine into dusk and sent chickens scurrying to their roosts.

Neighbors were rushing in from all directions, some on horseback, others in wagons laden with plows, water barrels and other fire-fighting equipment.

APPARENTLY the fire had started in the abandoned ashes of a sorghum mill. The crew had finished late Saturday night and left without taking proper precautions. A sudden breeze had sprung up, fanning the live coals into a flame.

In the midst of the service, Bobby had smelled smoke and shouted, "Prairie Fire!" The congregation had rushed out without waiting for the benediction to see a great cloud of smoke rolling in from the north. Red tongues of flame were reaching above the tall dry grass and burning tumbleweeds rolled and leaped ahead of the flame like fiery cartwheels. People ran for their wagons and lashed their horses in a mad run for home.

When Bea dashed in shouting, "Prairie fire!", Mother jumped from her sick bed and sprang into action. Many of the firefighters had come directly from church; none had eaten dinner. Mother filled the wash boiler with water and [illegible]. A big roast was in the oven and there was plenty of fresh bread. All during that afternoon, firefighters stopped for snacks as they passed the house. Bobby mounted a horse and drove the cattle to the safety.

The hot, glittering flames extended from horizon to horizon. Men wrapped their heads in wet towels to keep their hair from singeing as they whipped the flames with wet gunny sacks. One man collapsed in the woods and had to be carried to the house.

When it seemed certain that the fire would jump the creek, Father rushed

I read the letter you sent to Pete. His father Hiram, 35052 and my husbands great grandfather were brothers. I am also an amature Geneologist and I have been attempting to trace my husband!s family for almost three years now. I was hoping that we may be of some help to each other. (Verbal family tradition states that the Oyler's came to the U.S. and settled first in the Ge tysburg area , ,then moved West to Bedford, Somerset, amd Cambria Co.'s. I have been told that the original settler inBedford Co. was Jacob Oyler. The name has also been spelled Ailer, Eiler, Eyler,Aeler.

I hope to hear from you soon. I hope I have been some help, and if there is anything I can do to help you please let me know.

Mrs. Richard R. Oyler to
Mr. Monroe Oyler

Dear Sir:

Mr. Oyler and I enjoyed your letter regarding the geneology of the Oyler ancestry. Thank you so very much. Altho we have quite a family history tree of Mr. Oyler's maternal ancesters we have very little about his paternal side of the family.

36316

Mr. Lee R. Oyler of St. Petersburg, Fla. is our one and only son... not married yet....or maybe never, doesn't seem interested in marriage with a full life he lives as a successful store coordinator for a large furniture store corporation located here. Has a nice boat and enjoys boating as a hobby and doing interior and outdoors decorating at his nice home.

36315

My maiden name was Hsmmitt, born in Cincinnati, Ohio in 1919 and
6314 married Richard in 1937 who was born and raised in Hamilton, Ohio. This past September we celebrated our 50th wedding anniversary our son and daughter entertained ur with an Open House for relatives and friends and a trip to Asheville, N. C. with them. A very happy event.

Your ancestry is quite interesting and I am wandering how you traced back to the 1600's. It was also interesting to note that Oyler- was spelled so many different ways in the many years ago. I once went to our public library and looked up the name Oyler and all I read was that they name originated in England and meant (a seller of oil).

I have only one page from my husband's grandparents Bible regarding births and deaths and this is all that is written:
43780 ~~Charles Oyler - Born April 3, 1855 - Died March 2nd,1937~~
2467 Died2-15-37 Harry E. Oyler -- Born November 8th, 1857 in Cincinnati, O.
But lived in Hamilton, Ohio where my husband's father, Fred H. Oyler 36312
was born December 12th, 1884 at Jones Station. He was a Presbyterian.
37112 He had two sons --Russell Clark Oyler mx born in Hamilton, Ohio in
1910. Died in February 17th, 1953. My husband was born in May 9th,
36314 1916. He is now 71. Russell had no children.

So I am sorry we can't help you anymore than the above. I have had many ppeople say to me, "Are you from Pennsylvania?" Oylers? We have no idea.......

We thank you again for writing us....Our best wishes to you and yours.

George Oyler, father of Lewis Oyler was living in
Cumberland County, Pa. in 1840. Lewis was born in 1836
in Md. - Cumberland County, Pa is seperated from Frederick
count, Md. by Adams County, Pa.
George in 1840 was 25 to 30 yrs old & his wife was
past the age of 30 yrs. They had 3 males under the age of
of 5 (one would be Lewis) and a girl 5-10 yrs old.
As George Oyler is not listed in either Md. or Pa.
in 1830, it can be assumed he was not yet married and the
head of a family. His parents are said to have been born
in Pa. The most logical persons to be considered as
George's parents would be either Andrew Oyler, Sr., age
50-59 in 1830 or Peter Oyler, age 50-59 in 1830.
Both have sons 10 to 30 yrs old (George's age group) and
both lived in Cumberland Co. Frankford where George was
living in 1840.
22164
I have been told by a second cousin, Ruth Oyler Derr, that
George Oyler, his wife & family made the journey from Cumberland
County, Pa. to Ohio in the 1840's with a caravan. There was
an outbreak of black plague and George's wife helped take care
of the sick & she got the plague and died and was burried along
the way. (place unknown) George contacted the plague after he got
to Ohio and died and was burried on land west of Canal Winchester
High School, called Reformed & Lutheran Cemetery. In 1878 all the
graves were dug up & moved to Union Grove Cemetery in Canal Winchester
Ohio. There is no records on the graves without monuments and
there is no record on George Oyler. ~~So far~~ The date of his death
22133 43636
is unknown.
George's oldest child, which was a daughter named Cora Belle, & was
married at that time, assumed responsibility of her 3 younger brothers,
one of them being Lewis Oyler
They lived & worked at Elkhorn in Lithopolis, Ohio which was a
boarding house, livery stable, stopping off place. She helped with the
cooking & serving meals and her husband helped with the horses.
At this time her married name is unknown.
In the history of Lewis Oyler it states that he located first
in the northern part of Ohio and later moving to Bloom Twsp, Fairf. county
southeast of Lithopolis.

Mr. W. Monroe Oyler
315 Cambridge Drive
Decatur, IL 62526

Dear Mr. Oyler:

Several months ago my brother, Claude E. Oyler of Tulsa, OK, received a letter from you asking about his ancestors. Since I am the family genealogist (on a very small scale), he asked me to correspond with you.

20951?

First, let me say that I do not believe we are of the same family.

My great-grandparents, John and Ann Oyler arrived in America from England in 1857 and settled in Indiana. I do not know where, and I am hoping you may have "run across" Indiana Oylers who may belong to my family rather than yours. I have been curious to know if John and Ann went to Indiana because they had relatives there.

b. ca 1830

John and Ann Oyler left Indiana with their 6 sons and one married daughter before 1870 and bought farmland in MacDonald County, Missouri. As the sons left home, they settled in southwest Missouri, eastern Oklahoma, and southeast Kansas. My father was born in Cherokee County, KS. Probably most of the Oylers now found in this area are descendants of John and Ann. However, I have found Oylers in early census records who do not appear to be relatives.

Your family history is most interesting. I was particularly interested in the relationship to the Church of the Brethren. One of my great-grandmothers, Lucetta Walker Burk, was a devout member of this church. I have not been able to discover if she "grew up" in the church or was a convert in later life.

I have not found any Oylers in Alabama in the phone books I have checked. Several years ago a David Oyler was arrested for larceny here--an item appearing in the Tuscaloosa paper. The phone book did not list him.

I enjoyed your letter and wish you success and hope to hear from you again.

Sincerely,

Helen Oyler Ryerson

Dear Monroe,

I am returning your letter on my last name.

My father is deceased and his name was William Byron Oyler. Mine is William Edward Oyler. My father had 4 ~~5~~ Brothers. Can't remember oldest one.

Roy Oyler - died in Chicago
30890? Clair Oyler - youngest } both live in Hoopeston now
Charles " - }

They all were raised in Hoopeston and they came from Logansport, Ind.

I do have a paper sack that I can look into for more information but I don't believe it goes back any further. As a young boy, I had been to Logansport many times but can't recall their names. My Aunt Prude Oyler (deceased Charles) of Hoopeston can lay it all out for us, that I am sure of.

Roy Oyler had no children. Clair had a boy named Larry

(over)

Oyler - he lives in Hoopeston. Charles had 2 Boys - Robert who was killed at Iwo Jima and Chuck who lives in Benton, Ill. I don't believe the oldest brother had any children; I can see the house but can't yet put a name with it.

Beyond Logansport, I believe it was PENN, confusing now because my mothers (deceased, also) maiden name, HOUSE, was taken back to the PENN area and the Continental army.

Prude's address is:

Prude Oyler (Harold)
514 W Thompson ave.
Hoopeston, Ill. 60942 (217) 283-7233

While looking up Prude's address I figured out the names.
Oldest is Chuck (deceased)
now Harold (Prude's) husband
got them all now.

Sorry it took so long to get back to you. I was going to see you in person and then I was going (over)

(3)

to write you but then I couldn't find the letter, XMAS eve it fell out of a file letter, so without any more lapse of time, I decided to do it now.

Writing this letter brings back good memories of my youth, I believe I will take my two children and go over to Hoopeston before I lose any more relatives.

Have a happy holidays.

Respectfully,

William E. Oyler 24116

P. S.
Detroit Tigers had a ballplayer named Oyler, forgot the first name. Within the last 2-6 years. Believe he was from Penn.

Dear Monroe,

Just received your letter dated 7 July 83, sent to me in San Antonio, Texas. I graduated from the 1st phase of Army Physician Assistant training on 8 Jul 83 & left there that same day. Apparently your letter has been in the postal system ever since trying to find it's way to me. I reckon it took so long because of a wrong Zip Code put on the forwarding address.

Anyhow, I enjoyed getting your letter & will be glad to list my Oyler ancestors for you, though I can only go back as far as my grandfather.

My grandfather, to the best of my recollection, worked for an oil company in N.W. Pa. by walking pipe lines & checking them for leaks or damage. My father was a professional soldier, as I am. Since being in the Army for the last 17 yrs., I have been a paratrooper, a Green Beret medic & demolitions specialist, a scuba diver, a drill sgt., a medical instructor for Green Berets, & am now an Army Physicians' Assistant student getting ready to graduate & go to the 82d Airborne Division on 14 Aug 84.

Will close now. Good luck to you, let me know if we're related.

The authorization was announced Sept. 4 in Washington, D. C.

Present peak day capacity was reported by Panhandle at about 970 million cubic feet. The company said that with the additions to the third main line, it will increase to 1,070 million.

The additional gas becoming available this winter will go to utility distributors in Indiana, Michigan, Ohio and Missouri, as well as Illinois.

Service agreements for the additional supplies have been filed with the FPC, Panhandle said.

The pipelaying job, now nearly completed, involves 295 miles of 30-inch, 26-inch and 24-inch pipe.

The project is one phase of a proposed overall $66,750,000 expansion program.

Hearings on the remaining phases of the proposed expansion, designed to boost Panhandle's peak day capacity about 50 per cent, are expected to start before the FPC next month.

Dear Monroe,

ENGLISH

I remember a letter which mentioned the names Iler, Eyler, and Euler, but I do not remember saying that Conrad Oyler was my ancestor. As you will see on the attached sheet, I can't go back beyond another Thomas who was my great-grandfather. Even though my Grandfather had always referred to his father as coming from England, a number from Germany have come to this country through England.

Interestingly, enough, much of the direct-mailings MAILINGS we received when I was a boy in Cincinnati

were addressed to OEHLER,
which many of the German
families pronounced AYLER
and until just a few years
ago there were people there
who still called me Tommy

As the attached sheet
shows, I have a cousin

a copy of your letter to
me and have sent one
to Tuttrell along with a
copy of my attached comments.

My grandfather was the eldest child of THOMAS OYLER. Most of my knowledge comes from my grandmother because my father and grandfather died when I was relatively young. His wife was still alive when I was a small boy. Until my grandfather's death, we used to leave

Dear Mr. Oyler:

My purpose for writing to you is to ask for your assistance in locating any individuals who might have information about the early day Oyler families in Hamilton County.

A genealogist in Cincinnati told me there were Oylers connected with a Real Estate Agency in that city, so I used the telephone directory at the University where I am a professor to locate your address. I am in the process of writing my family history and I discovered that my great grandfather, Daniel Oyler, came as a young boy with his family to Hamilton County. From research of county histories I ascertained that his father was George Oyler and his mother, Sarah Goble.

Two years ago I visited Harrison, Ohio and found the Oyler graves in a Baptist Cemetery, north east of town. In the public library I obtained a newspaper obituary of George Oyler. (d. 1883) I have also searched English records in the Genealogical Library in Salt Lake City (although I am not a Mormon). George Oyler came to this country from Hawkhurst, Kent, England in 1828. He had brothers named David and William who also came to this country. My great grandfather had brothers by the anmes of George Goble, William G., Samuel, Alfred, George Washington, and John (who died as an infant.) Through the courtesy of Mr. Stephen Burk I visited the house in Harrison which was the dormitory of a school funded by George Oyler.

?

According to a record I saw in Salt Lake City, a Sidney Herrick of 3214 Montana Street in Cincinnati, did genealogical study fo the Oylers. However, he is not presently listed in the telephone directory.

Any help you could give me in locating individuals who may have Oyler family records would be greatly appreciated. I am enclosing an envelope for your reply.

Sincerely yours,

J. Harvey Littrell

Oyler Bros. planning to go nationwide with landscaping franchises

By Jerry Jackson

Florida's largest landscape-contracting company, Oyler Bros. Co. in Orlando, has launched what it believes is the country's first landscape-maintenance franchise operation, called U.S. Lawns Inc.

The founders of U.S. Lawn, based in Maitland, are gambling that the formula used succesfully by Oyler to become the nation's ninth-largest landscape company, with $8.5 million in annual revenue, can be repeated throughout the state and nation.

A boom in professional landscaping throughout the Sun Belt in the past decade, especially in high-growth areas such as Orlando, has increased the demand for high-quality landscape maintenance.

The ambitious plans for U.S. Lawns, in fact, call for the company to far surpass Oyler Bros. in size, said company co-founder Cabot Jaffe, 50.

"Our goal is, within a brief period of time, maybe three to five years, to have the largest landscaping company in the nation through our franchise operation," Jaffee said. "We see it becoming much larger than Oyler Bros."

The company has a long way to go, however. The first independent franchisee just signed up, for a fee of $15,000, and is scheduled to go to work Aug. 1 in the Boynton Beach area of Palm Beach County. U.S. Lawns also collects 4 percent of the franchisee's annual revenue.

Since January, the company has had a

Oyler Bros. Co. is both a landscape contractor as well as a landscape-maintenance company. But Jaffe said the company's role may change as U.S. Lawns expands so that most of the maintenance work would be performed around the state by the U.S Lawns franchises, and Oyler would concentrate on landscape construction.

U.S. Lawns Inc.

Headquarters: Maitland

President: Tom Oyler; Chairman of the Board: Cabot Jaffee.

Business: Landscape maintenance franchise operation

Founded: January 1987, by Oyler Bros. Co., Orlando

Cost of a franchise: $15,000 to $40,000 and 4 percent of annual revenue.

What franchisee buys: Guaranteed territory, a training program, operating manuals, support service from Oyler Bros. Co.

Jaffee, who is assuming much of the daily management responsibilities for U.S. Lawns, has lived in Orlando for the past 15 years. He is a native of New York, beginning his career in New York City with American Telephone & Telegraph Co., where he headed a testing center for the Bell System.

In 1966, Jaffe joined the faculty of the University of Tennessee as a professor of psychology and industrial management. He later worked as an independent con-

County. U.S. Lawns also collects 4 percent of the franchisee's annual revenue.

Since January, the company has had a company-owned franchise operating in the Orlando area, headed by one of Jaffe's sons, Glen, 22. The experimental franchise has about 35 clients so far, both residential and commercial, and generates revenue of about $6,000 a month, company officials said.

Some of the larger commercial clients include the Altamonte Springs Hilton and the Southland Building in Winter Park. The Orlando franchise has a staff of two in addition to Jaffee's son, a recent graduate of Florida Southern College in Lakeland.

Landscape-maintenance companies in general perform routine yard work — mowing, trimming hedges, edging and pruning. Such companies perform only minor chemical spraying, as opposed to companies such as Chemlawn, which specialize in such work.

Most large commercial and residential properties are initially landscaped by a landscape contractor, usually after the project was designed by a landscape architect. A landscape-maintenance company, such as U.S. Lawns, then would take care of the property after the landscape work is completed.

A spokeswoman for the Associated Landscape Contractors of America, in Falls Church, Va., said she was unaware of any national landscape-maintenance franchise operations.

state by the U.S Lawns franchises, and Oyler would concentrate on landscape construction.

While Oyler has grown successfully over the past several decades as a private company, Jaffee said, U.S. Lawns plans to some day attract expansion capital by going public.

"We have some aggressive plans for expansion," Jaffee said "We hope within five years to take it public."

Jaffee, an industrial psychologist and former college professor, serves as chairman of the board for U.S. Lawns. The company's president is Tom Oyler, 36, who also is president and chief executive officer of Oyler Bros., located on Silver Star Road. U.S. Lawns has an office in Suite 302 of the Maitland Center.

U.S. Lawns and Oyler Bros. are legally separate entities, and will continue to be operated that way, Jaffee said.

Current plans call for the franchise fee to range from $15,000 to $40,000, depending on the size of the franchise. Jaffee said there is no set amount based on square miles; the fee is negotiated with the potential franchisee.

The first franchise was bought by Dave Bzura of Orlando, who formerly worked for a construction company.

Jaffee said that extensive prescreening of applicants is required by U.S. Lawns. A number of tests have been designed by Jaffee — "I'm an expert in tests," he said — to determine the applicant's skills and potential for success in landscape maintenance. (Financial requirements for a U.S. Lawns franchise include about $100,000 of net worth and about $20,000 for operating capital to start the business — buying equipment, office supplies and other items, Jaffee said.)

manuals, support service from Oyler Bros. Co.

"We feel like that's in the best interests of U.S. Lawns as well as the franchisee," Jaffee said.

If the tests are successfully completed, the franchisee is given 10 days of training in Orlando by Oyler Bros. and is supplied with a designated territory, operating manuals and ongoing advice and support, such as sales training, a company hotline, and a promotional package to help establish local advertising.

The location of the designated territory is negotiated with the franchisee.

"We talk about their interests and where they want to be, and we divide it into a reasonable territory and then come up with the exact [fee] figure based on the potential," Jaffee said.

Oyler, who built up his company from a one-truck-and-lawn mower operation in 1973, said there is ample opportunity in the growing field.

"The landscape-maintenance industry is ... estimated to be worth $7 to $9 billion annually," Oyler said.

A survey by *Weeds, Trees and Turf*, an industry magazine, ranks Oyler as the largest landscape contractor in Florida.

University of Tennessee as a professor of psychology and industrial management. He later worked as an independent consultant before founding Assessment Designs International in Orlando in 1976. The consulting company was bought in 1984 by Wilson Learning Corp., a subsidiary of the New York publishing firm, John Wiley and Sons.

Jaffee continued to serve as president of the organization until May, when he left to help run U.S. Lawns. Jaffee said he and Oyler, a longtime friend, jointly developed the concept for U.S. Lawns during a number of brain-storming discussions in recent years.

With the first franchisee signed up and ready to go to work. "We feel like we're a bit ahead of schedule," Jaffee said.

Why would someone want to buy a landscape-maintenance franchise, when they could start their own, independent company? Jaffee said that part of the answer is the advice, support and training the franchisee gets to help them get off to a good start, a critical aspect of developing a successful business.

And as the company grows and the name U.S. Lawns becomes better known, Jaffee said, the franchises will benefit from name recognition and national advertising, in the same way that names of certain hamburger chains and pest-control companies have become household words.

"We want to be the ChemLawn of the landscape maintenance world," Jaffe said.

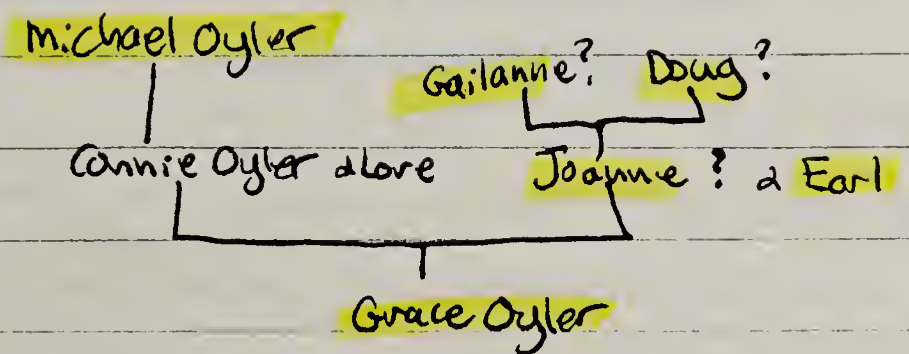
Dear Mr. Oyler;

I get the impression you're tracing your family tree. As far as my line is concerned, I am the last in my bloodline to carry on and I have not had any children. My father is Connie Oyler and his father is dead and also was married twice. My Grandfather had, I think, 4 brothers and sisters; one sister of which is still alive in Michigan. - My Grandmother told me that my Grandfathers sister had checked our line and found our line came from Wales, the original name being spelled O'Iler. Through generations the apostrophy was dropped leaving the spelling, Oiler.. The reason my name is spelled with a "y" as opposed to the original "i" is the result of a name change by my Grandfather. His brother also adopted the "y" spelling. My Grandmother and my deceased Grandfather and his brother (also deceased) and sister are from southern michigan. Hope this helped.

Sincerely,
Michael Oyler



P.S. My Grandfather divorced Grace Oyler and remarried before he died. His new wife already had a son from a previous marriage and adopted his name. He would be my step-uncle or my dad's (Connie) step-brother, Dick Oyler. He's a preacher in Florida.

Dear Earl,

In reply to your phone call the other evening, I have been able to find out a little on your Oyler family. Forgive the apparent continuity, but am putting this down as it comes to me, and as I think of it.

First, in looking over a deed of Andrew Trimmer, the original York County settler, it mentions-" in Reading Township, etc....on the West side of the Conewago Creek, thence by the land of WILLIAM OLER, etc." This is dated Apr 22, 1762.

The enclosed hand written notes I jotted down the other day at the Court House, in the older estate papers; this may be old stuff to you or some may be new. It seems Valentine, Sr. was living in what is now Adams County at the time his will was written. A rough map of the area enclosed.

I checked the 1762 tax list, both of York And Adams Counties, neither list your name by any of the variations of spellings. This is the earliest, almost complete tax list available for this area.

A friend of mine is checking out the Oyler family in Waynesboro (the electricians I spoke about) to see if they will be able to help out with any info.

I asked Don Durnbaugh, the Brethren author, if he had any knowledge of this family in Europe, reply was negative; he was aware of the book by the dentist out west.

Dear Mr. Oyler,

We got your letter to the "Arbeitsgemeinschaft Deutscher Genealogischer Verbände in München" from May 31., 1982, in these days.

To research for your ancestry Euler (That is the german spelling) in Maar or environnment, you have to use the help of a professional genealogist who has to travell in this area and to examine the church-records.

Please contact Mr. Max Steinbaur, Fontanestr. 68, 6000 Frankfurt. He is an exact researcher who works to a moderate fee.

As it is impossible to estimate the costs in advance, not knowing the time needed to find anything, limit the sum, he may spent. Don't forget to enclose retour-postage (international coupon) if you like to get an answer.

Sincerely

Dear Mr. Oyler:

I am so pleased that you took time to write and share with me about your family background. I am interested that some roots were in Alabama. It is interesting that your grandfather, Daniel Oyler, is buried in Bridgeport, Alabama where my wife was born.

My great-great-grandfather came to America from Germany in 1848 to avoid being drafted into the army. He lived close to Hamburg. We can trace our family tree back to a mathematics professor previous to that. My great grandfather was drafted into the Union Army and after the war settled in Valpriso, Ind. My great grandfather was born there but moved to Topeka, Kansas where he settled my father and his three brothers were born and raised there. My uncle, Lahroe Harold Euler, in his late 80's still lives in Topeka.

My father and I moved to Alabama in 1945. He died in 1958 and is buried at Huntsville. His name was Harrison L. Euler.

As far as I know we have no direct

Dear Mr. Oyler:

I thank you for your letter and interest about our family. The name Oyler is unfamiliar to me, although my neice received a letter from a lady in Maryland whose name was Ayler and said our names stemmed from the same source so possibly yours would also.

I'm sending a copy of your letter to both my cousin and niece who have been researching our Family Name for some time.

There seems to be a mystery beyond 1833. I gather they are still trying to find out more.

The ones I have are:

Charles Henry Oehler II born 1859 in Kewanee, Illinois, died in Creston, Iowa 1921.

I'll send your address to both so you may possibly hear from them, if not I probably will and will forward any more information I get.
